### 資訊保安措施

在 2007 年 7 月 9 日立法會資訊科技及廣播事務委員會會議上，政府資訊科技總監辦公室向 閣下及其他議員匯報了公營機構及規管機構執行資訊保安改善措施的進展。當中提及 16 個公營機構，包括本公署，未能在 2007 年內完成所有改善項目。由於此資料未能正確反映本公署的工作進展，就此我已於今日（7 月 11 日）發出新聞通告，向公眾解釋，除卻一項因缺乏經費而未能展開之外，公署在該會議舉行之前已實施了所有資訊保安改善措施。詳細情況，請參閱隨函附上的新聞通告。

作為保障全港市民個人資料私隱的監管機構，本公署一向採取有效及適當的資訊保安措施，並積極地推動全港機構遵從有關規定。

多謝 閣下對保障個人資料私隱的關注。

### 個人資料私隱專員公署實施資訊保安改善措施

1. 立法會資訊科技及廣播事務委員會於2007年7月9日開會討論公營機構的資訊保安狀況及政府在發生多宗資訊保安事件後致力施行的資訊保安措施。
2. 在會上，委員獲悉公營機構執行資訊保安改善措施的進展。結果顯示16間公營機構，包括個人資料私隱專員公署(下稱「公署」)未能完成政府資訊科技總監辦公室早前建議的所有資訊保安改善措施。
3. 個人資料私隱專員吳斌先生(下稱「專員」)確認在上次報告進度時，公署已經實施70%的建議措施。直至委員會於2007年7月9日開會當日，除一項外，公署已實施了其餘所有措施。尚未實行的建議措施是涉及聘請外部專業人士進行資訊保安風險評估及審計，但有關支出並未預計在公署的年度財政預算之內。專員需要政府的撥款。他呼籲政府向所有公營機構(包括公署)提供所需的經費，讓個人資料私隱保障得以提高。
4. 鑑於去年發生多宗網上資料外洩事件，公署主動於去年十月展開「資訊保安關注行動」，為資訊科技專業人員提供連串的指導及培訓。此外，公署亦繼續進行推廣及培訓計劃，為所有政府部門及相關機構提供處理個人資料方面的實務指引。

**PRESS RELEASE**

**11 July 2007**

**PCPD implemented information security enhancement measures**

1. Members of the Legislative Council Panel on Information Technology and Broadcasting (the Panel) held a meeting on 9 July 2007 to discuss the information security status of public organizations and the information security protection measures pursued by the Government in the wake of information security incidents.
2. At the meeting, members were informed of the progress of information security improvements made by the public organizations. The results showed that 16 public organizations, including the Office of the Privacy Commissioner for Personal Data (PCPD), had not completed all the information security enhancement measures recommended by the Office of the Government Chief Information Officer earlier.
3. The Privacy Commissioner for Personal Data Mr. Roderick Woo (the Commissioner) confirmed that at the time of the last update, 70% of the recommended measures were already in place in his Office. Since then, all but one of the measures had been implemented when the Panel met on 9 July 2007. The outstanding recommendation would entail the engagement of an external professional retainer for the information security risk assessment and audit. The expenditure to be incurred is not provided for in the PCPD's annual budget. The Commissioner will need funding from the Government. He calls upon the Government to provide the necessary funding to all public organizations (including his Office) for this to be done so that personal data privacy protection can be enhanced.
4. In response to a spate of online data leakage incidents that took place last year, the PCPD has taken the initiative to launch the Information Security Enhancement Campaign last October offering a wide range of guidance and training to IT professionals. Besides that, the PCPD has also as part of its ongoing promotion and training programme provided continuous practical guidance on the handling of personal data to all government departments and government related organizations.
