Bills Committee on Energy  
Efficiency (Labelling of  
Products) Bill  
Legislative Council  
8 Jackson Road  
Hong Kong

(Attention: Ms Debbie Yau)

Dear Ms Yau,

### Energy Efficiency (Labelling of Products) Bill

Thank you for your letter of 17 May 2007, inviting our views on the above Bill.

Having consulted our members in the concerned trades, we have no objection to the introduction of a mandatory energy labelling scheme for room coolers, compact fluorescent lamps and refrigerators.

In order to facilitate compliance with the requirements, we strongly encourage the Government to thoroughly consult manufacturers and traders of the products covered by the Bill when preparing the codes of practice, in particular the provisions on testing and classification standards.

Yours sincerely,

Roy Chung
