長者醫療券試驗計劃

Elderly Health Care Voucher Pilot Scheme

計劃概要
Project at a glance

- 三年的試驗計劃
  3 year pilot

- 七十歲或以上持有香港身份證的長者
  Elders aged 70 or above and hold a Hong Kong Identity Card (HKID)

- 每年5張面值50元的醫療券
  5 vouchers valued $50 each every year

- 爲接受私人基層醫療服務提供部份資助
  Providing partial subsidy for receiving private primary care

目前進度
Progress up-to-date

- 正制訂運作細節
  Formulating the operational details

- 其中一個主要目的是希望盡量簡化發放和使用醫療券的方式，務求方便長者
  One of the objectives is to simplify the distribution and use of health care vouchers **for bringing convenience to the elders**

主要構思 (1)
Main ideas (1)

- 登記所有參加試驗計劃的服務提供者，並設有計劃標誌以資識別

  Register all service providers who participate in the pilot, and assign them a sign for identification

- 參與計劃的服務提供者可登入電子醫療券系統

  Participating service providers can log on the electronic health care voucher system

主要構思 (2)
Main ideas (2)

- 長者希望使用醫療券時，只需到任何已登記參加計劃的服務提供者出示身份證

  When the elders would like to use the health care vouchers, they only need to present their HKIDs to the participating service providers

- 服務提供者會為首次使用醫療券的長者，透過電子醫療券系統進行登記並設立個人醫療券戶口

  Service providers will register and create a personal voucher account through the electronic health care voucher system for those elders who use vouchers for the first time

主要構思 (3)
Main ideas (3)

- 上述構思對長者的好處:
  Advantages of the above ideas to elders:

無須預先登記
Need not pre-register

無須領取醫療券
Need not collect health care vouchers

無須携帶醫療券
Need not bring health care vouchers
