**I. Confirmation of minutes of meeting**  
(*LC Paper No. CB(2)1303/07-08*)

The minutes of meeting held on 28 February 2008 were confirmed.

**II. Meeting with the Administration**

2. The Bills Committee deliberated (index of proceedings at **Annex**).

3. Ms Margaret NG said that she did not doubt that the Administration would exercise the powers provided in clause 5 and clause 6 of the Bill in a responsible manner. Ms NG was however of the view that sufficient safeguard should be provided in the Bill to ensure that the rights of individuals would not be unduly compromised as a result of acts taken against them under clause 5 and clause 6. The Administration agreed to provide a response in writing.

4. Mr Andrew CHENG requested the Administration to provide a requisition of private property provision in the Bill to enable the Government to carry out such act under extreme urgency, but was less serious than a public health emergency situation, for the purpose of preventing and controlling the spread of diseases, as well as to provide a definition for "requisition" in the Bill. The Administration agreed to consider and revert in writing.

5. Assistant Legal Adviser 4 advised that there should be no problem from the drafting standpoint to implement Mr CHENG's suggestions, albeit it would be a policy decision for the Administration. He however pointed out that unlike the requisitioning of private property during a public health emergency situation which would be effected by way of making the Public Health Emergency Regulation under clause 8 of the Bill and which would be subject to negative vetting by the Legislative Council (LegCo), requisition power provided for in the principal ordinance, upon enactment of the Bill, was not required by subsidiary legislation and hence not subject to negative vetting by LegCo.

6. The Chairman pointed out that no compensation was provided to households affected by the implementation of the backyard poultry keeping ban in 2006. The Chairman asked whether the same households would be compensated if the Bill were enacted. The Administration undertook to provide a response in writing.

7. The Administration also undertook to provide a response in writing to the submission from the Law Society of Hong Kong on the requisition of private property in a public health emergency and matters related to compensation tabled at the meeting.

8. Members noted the Administration's intention to resume Second Reading debate on the Bill in mid-May 2008, so as to allow time for LegCo to scrutinise, where necessary, the Prevention and Control of Disease Regulation to be made under clause 7 of the Bill after gazettal.

### **III. Date of next meeting**

9. The Chairman reminded members that the next meeting had been scheduled for 26 March 2008 at 4:30 pm.

10. There being no other business, the meeting ended at 6:00 pm.
