CB(1) 511/07-08(01)

27 December 2007

Clerk to Panel on Environmental Affairs Legislative Council Building 8 Jackson Road Central Hong Kong (Attention: Miss Becky YU)

Dear Miss YU,

Supplementary Information on Promotion of Cleaner Production in the Pearl River Delta Region

The subject on "Promotion of cleaner production in the Pearl River Delta Region" was discussed at the LegCo Environmental Affairs Panel on 17 December 2007 (LC Paper No. CB(1) 418/07-08(06) refers). The Administration was asked to provide further information on the following:

- the number of Hong Kong-owned factories in the PRD Region which (a) applied for loan support under the SME funding schemes for installation of cleaner production facilities and equipment; and
- a detailed cost breakdown for implementing the proposed five-year Cleaner (b) Production Partnership Programme.
- I am pleased to enclose the additional information in the Annexes to this 2. letter for Members' information

Yours sincerely,

for Director of Environmental Protection

Support for Small and Medium Enterprises (SME) <u>SME Loan Guarantee Scheme (SGS)</u>

- 1. The Government currently operates an SME Loan Guarantee Scheme (SGS) which helps SMEs secure loans from participating lending institutions through the provision of loan guarantees. The Business Installations and Equipment (BIE) Loan Guarantee helps SMEs acquire business installations and equipment relating to their business operations.
- 2. As at 30 November 2007, the total number of BIE loan guarantee applications approved is 16,788. The number of BIE applications approved for SMEs which have business installations and equipment located in the Mainland is 13,155. Further breakdown for applications relating to facilities or equipment in the Pearl River Delta region or those specifically for cleaner technologies or environmental facilities are, however, not available.
- 3. The Administration is now proposing, amongst other enhanced measures, to raise the loan guarantee ceiling of BIE from \$2 million to \$5 million for each SME, or 50% of the approved loan, whichever is the less. Subject to the approval of Finance Committee, the Administration plans to introduce the enhanced measures in early 2008.

- 2 -

Figure includes BIE placed in a factory in the Mainland which is either owned by a Hong Kong SME or has a production agreement, contract or arrangement with a Hong Kong SME.

Annex 2

Estimated Cost Breakdown for the Implementation of the Five Year Cleaner Production Partnership Programme

	Funding by Government (HK\$ million)	Contributions by HKPC (HK\$ million)	Contributions by Industry (HK\$ million)	Total Cost (HK\$ million)
