

Members of the Legislative Council

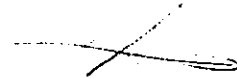

4 July 2009

I write to express my support regarding the Hong Kong Jockey Club's proposal to increase the number of racedays and simulcast.

The Hong Kong Jockey Club is an environmentally conscious organization and it is going to support many sustainability efforts in Hong Kong which is serving a meaningful service to a lot of people in Hong Kong.

I don't think adding racing days should not cause any more problem to Hong Kong. The Jockey Club is also an important charity organization organisation, and I fully support its proposal to increase charitable funds and at the same time increase the tax income for the government.

Yours sincerely,

Shelley Zhou
