

環境藝術館書面建議:

“西九局宜撥出資源讓民間團體(包括蚊形團體)在社區層面上策略性的推展有質素、具參與性的文化藝術活動，並讓民間社會由下而上的執行計劃的有關細節。”

A written submission of Museum of Site (MOST) to LEGCO/ WKCD Sub-panel:

“To take forward the planning conception of the WKCD Consultation Committee and to ensure territory-wide public engagement, the WKCDA should support a community-initiated and **community (people)-led approach (CCA)** to let SME and cultural organization of different size to develop quality community engagement art practice (EAP). The traditional government-initiated, bottom-up public engagement or organization-led community approach is already out-moded and should be replaced.”
