The minutes were confirmed.

**II. Matters arising**

**Report by the Chairman on her meeting with the Chief Secretary for Administration (CS)**

*(Table on "Provision of discussion papers by the Administration for Panel meetings in the 2008-2009 session" (LC Paper No. CB(2) 392/08-09(01))*

Provision of papers by the Administration for discussion at committee meetings

2. The Chairman said that she had relayed to CS Members' concern about the recent trend of late provision of papers by the Administration for discussion at committees meetings. She had also provided CS with a copy of the table prepared by the Legislative Council (LegCo) Secretariat (LC Paper No. CB(2) 392/08-09(01)) on the provision of discussion papers by the Administration for Panel meetings since the commencement of the Fourth LegCo, which showed that some Panels did not receive discussion papers before the agreed deadlines. The Chairman added that CS agreed to look into the matter and to convey Members' concern to the Bureaux.

3. Ms Audrey EU enquired whether CS had undertaken to remind the Directors of Bureaux to adhere to the deadlines agreed between the Administration and the House Committee on the provisions of papers.

4. The Chairman reiterated CS's response that he would look into the matter and convey Members' concern to the Bureaux.

Action

5. In response to Mr Ronny TONG's query on the need for CS to look into the matter, the Chairman clarified that CS did not cast doubt about the information provided to him. He might want to ascertain the reasons for the late provision of papers.

6. Ms Audrey EU said that Members should observe for, say, one month, to see whether there was any improvement on the part of the Administration in providing papers.

7. Ms Emily LAU said that the Administration had also been late in providing papers for a recent meeting of the Establishment Subcommittee.

8. The Chairman said that the Secretariat would keep track of the situation. If necessary, the matter could be raised again for discussion.

Frequency and duration of Chief Executive's Question and Answer (CE's Q & A) Sessions

---

9. Ms Emily LAU enquired whether CE had responded to Members' request for increasing the frequency of CE's Q & A Sessions to once a month, and for extending the duration of each Session to two hours.

10. The Chairman said that she had reminded CS about Members' request during their meeting on 24 November 2008. CS had replied that he had forwarded Members' request to CE's Office and was awaiting CE's reply. Having ascertained from Members that CE had not responded to the request during the lunch banquet hosted by him for Members on 1 December 2008, the Chairman added that she would follow up the matter with CS again during their next meeting.

11. Dr Margaret NG said that she had reservations about CE making important announcements during lunch banquets with Members. A recent case in point was his announcement regarding the Old Age Allowance Scheme after attending the lunch banquet hosted by Members on 24 October 2008. She stressed that the Administration should brief Members on important matters through formal channels.

Implementation of the Accountability System

12. Mr LEUNG Yiu-chung expressed regret that the blockade by taxi drivers at the taxi stands at the Hong Kong International Airport and the North Lantau Highway in the evening of 3 December 2008 had not only caused traffic in the area to come to a halt, but had also tarnished the image of Hong Kong. He said that the incident would not have occurred if the Principal Officials concerned had fulfilled their responsibilities. He requested the Chairman to relay to CE through CS his concern about the implementation of the

Action

Accountability System in the incident. He considered that CE should be requested to inquire into the incident and find out which official(s) should be held responsible.

13. Mr LEUNG elaborated that New Territories (NT) taxi drivers had expressed strong dissatisfaction at airport staff distributing to passengers leaflets provided by the Transport Department showing that it would be cheaper to take urban taxis than NT taxis for long-haul trips. They had requested the Transport Department to stop distributing the leaflets but to no avail. He then recounted the incident which had triggered the blockade on that day. He said that he had received a call from some NT taxi drivers that afternoon, alleging airport staff of directing a passenger to use urban taxi rather than NT taxi for a trip to the Gold Coast.

14. The Chairman requested Mr LEUNG not to go into the details of the incident and to focus on the issue which he would like her to raise with CS. She also informed Members that the Panel on Transport had scheduled a special meeting on 11 December 2008 to discuss the issue of NT taxi fare adjustment.

15. Mr LEUNG considered it necessary to go into the details of the incident in order to bring out his concern. He went on to say that the NT taxi drivers concerned had told him that they would call off the blockade should a senior government official undertake to prevent similar happenings and expedite the NT taxi fare adjustment application. He therefore rang up the Under Secretary for Transport and Housing, Mr YAU Sing-mu, to convey the views of the NT taxi drivers, and requested him to communicate with the taxi drivers concerned by phone. However, the Under Secretary refused to give the taxi drivers a call but only said that he would handle the matter.

16. Mr WONG Kwok-kin sought clarification on whether it was procedurally in order to discuss individual cases at the meeting.

17. The Chairman reminded Mr LEUNG to be concise and focus on the issue to be conveyed to CS. She also reminded Members that the Finance Committee meeting would be held at 3:00 pm after the House Committee meeting.

18. Mr LEUNG Yiu-chung added that he had called the Under Secretary several times, both before and after the blockade had started, requesting him to handle the matter. Regrettably, the Under Secretary had refused to do so. He requested the Chairman to ask CS whether the handling of the incident by the Under Secretary was considered acceptable.

Action

19. Mr Albert CHAN said that he found confusing the comment made by CS that the initial decision not to charter flights to bring home stranded Hong Kong residents in Thailand had been a collective one. It was his understanding that under the Accountability System implemented in 2002, Principal Officials concerned should be accountable individually for their policy portfolio, instead of taking collective responsibility for a certain decision. He considered it necessary for CS to discuss with Members the difference between an individual Principal Official being held accountable and taking collective responsibility under the Accountability System.

20. Mr LEUNG Kwok-hung said that Hong Kong did not have a cabinet system, and there should be no collective responsibility. He echoed the view that it was necessary for CS to clarify to Members the difference between the Accountability System and collective responsibility.

21. Dr Margret NG said that she was drafting a letter to the Chairman of the Panel on Constitutional Affairs (CA Panel) requesting discussion on several issues relating to the Accountability System. She had noted from a press report that many Bureau Secretaries had been out of town in the past two months, and their absence seemed to be more frequent than in the past. She expressed concern about the stand-in arrangements, and considered it necessary for the Administration to clarify the division of responsibility between the Under Secretaries and the Permanent Secretaries when the Bureau Secretaries were out of town. Noting that many recent motion debates were attended only by the relevant Under Secretaries, she considered it also necessary to discuss with the Administration the priority accorded by Bureau Secretaries to LegCo business, in particular attendance at motion debates. Dr NG added that it might be more appropriate for the matter to be discussed with CS at the House Committee rather than the CA Panel.

22. Mr James TO said that he was also drafting a letter to the CA Panel on the matter. The handling of the incident of Hong Kong residents being stranded in Thailand when the Secretary for Security was out of town concerned not only the Panel on Security. It also pointed to the problems with the implementation of the Accountability System. He shared the view that it was necessary for CS to discuss the matter with Members, but whether the discussion should be at the House Committee or the CA Panel would have to be further considered.

23. The Chairman said that she would relay to CS Members' request to discuss with him the issues raised in relation to the implementation of the Accountability System.
