Enterprises (SMEs) Arising from the Global Financial Turmoil**

This paper reports the latest position of the SME Loan Guarantee Scheme and the Special Loan Guarantee Scheme.

**SME Loan Guarantee Scheme (SGS)**

2. As at 13 July 2009, 36 participating lending institutions (PLIs) have joined the SGS. 1,423 loan applications have been submitted to the Trade and Industry Department (TID) since the implementation of enhancement measures on 6 November 2008, of which 1,219 have been approved, involving a total loan amount of about \$4.1 billion.

**Special Loan Guarantee Scheme (SpGS)**

3. The application period for the SpGS has been extended to 31 December 2009. Following the approval by the Finance Committee on 5 June 2009, enhancement measures to the SpGS have been implemented since 15 June 2009, as follows :

- (i) increasing the loan guarantee ratio from 70% to 80% for new loans to be approved;
- (ii) increasing the maximum amount of loan that each enterprise may obtain from \$6 million to \$12 million. Within this ceiling, the amount of loan that may be used for revolving credit facilities is increased from \$3 million to \$6 million; and
- (iii) extending the maximum guarantee period from 36 months to 60 months.

4. The response from the PLIs is very positive. 40 PLIs have signed up for the enhanced SpGS. A number of major PLIs have announced new promotional measures in support of Government's loan guarantee schemes, such as lower interest rates and administrative fees, interest refund, etc.

5. The number of applications and the amount of loans approved have shown a steady increase since the implementation of enhancement measures. As at 13 July 2009, 14,210 loan applications were submitted to TID. 12,488 applications have been approved, involving a total loan amount of about \$25.3 billion, of which 1,665 applications were under the enhanced SpGS. Detailed statistics of the applications approved (by industries, loan types and number of employees) are at **Annex I**. TID has received three default claims so far.

### **Overall Position**

6. As at 13 July 2009, TID has received 15,633 loan applications from the PLIs under the two schemes, of which 13,707 applications have been approved, involving a total loan amount of over \$29.4 billion.

7. We also provide, at **Annex II**, a summary of the statistics provided by the PLIs on the loan applications received under both schemes as at 5 July 2009<sup>1</sup>.

<sup>7</sup> Ten companies (two of which have lodged two applications each) are in operation for less than one year; seven companies have outstanding default with the Government, and 21 companies (five of which have lodged two applications each) have exceeded the guarantee ceiling.
