

Subcommittee on Combating Fly-tipping

**List of follow-up actions arising from the discussion
at the meeting on 30 June 2009**

- (1) To consider setting up a database containing information and aerial photos of gathering grounds as well as stream and river courses (particularly those of smaller scale) to facilitate future cross-referencing for reinstatement works or development of small houses etc.
- (2) To provide regular half-yearly progress report (with aerial photos) on the cases in the database of private land filling sites to the relevant LegCo Panel. The first report should be made available in mid December 2009.
- (3) To report the progress of the trial fly-tipping control scheme (with the installation of closed-circuit television) to the relevant LegCo Panel after it has come into operation for six months.
