

Subcommittee on Combating Fly-tipping

**List of follow-up actions arising from the discussion
at the meeting on 13 July 2009**

- (1) To include in the six-monthly report to the relevant Panel latest progress and details of the voluntary trip-ticketing system being contemplated by the Construction Industry Council.
- (2) To request the Hong Kong Construction Association to encourage its member contractors to adopt the use of Global Positioning System to keep track of their dump trucks.
- (3) To consider including in the course for registered contractors organized by the Buildings Department the requirements and consequences of contractors and their waste haulers on proper disposal of construction and demolition (C&D) waste under the relevant legislation to facilitate compliance.
- (4) To step up publicity on the dire consequences, including fine and possible imprisonment, to deter fly-tipping and illegal depositing of C&D waste using the Shing Mun Road case as an illustration.
