Dear Ms Ho,

**LegCo Panel on Education**  
**Follow-up meeting on 9 February 2009**

We understand that your Panel is gathering views on the establishment of an independent, inter-institutional redress mechanism in LegCo for the higher education sector. As a staff union in the education sector, our Association welcomes the formation of such a mechanism for the UGC-funded institutions. We believe an independent redress mechanism will insure justice for the teaching profession. Moreover, we opine that the mechanism should be extended to all other tertiary educational institutions.

Yours sincerely,

  
LEE Keon-hung, Ken (Mr)
