The Panel discussed the replacement of Library Automation System for Hong Kong public libraries at its meeting on 12 January 2007 and the future development of public libraries on 18 June 2007. Note : As the Public Libraries Advisory Committee will discuss in March a draft strategic plan for mapping out the development path for the Hong Kong Public Libraries for the coming ten years, the Administration has proposed to discuss the development of public library services in April.

5. Tree preservation and maintenance

At the meeting on 14 October 2008, members agreed to discuss the issue of tree preservation and maintenance in Hong Kong given the public concern about the criteria adopted by government departments in the felling of trees.

(Note)

Note: At the informal meeting between the Panel Chairman/Deputy Chairman and SHA on 3 November 2008, the Chairman noted that the issue straddled the areas of responsibilities of different bureaux/departments and suggested that the relevant bureaux and their departments as well as members of other relevant panels be invited to join the discussion of the issue.

6. Promotion of sports development

The operational problems of National Sports Associations (NSAs) were last discussed on 3 July 2006. The issue was proposed by Hon Albert CHAN at the meeting on 11 October 2007 for further discussion, with emphasis on problems with NSAs' selection process of athletes to represent Hong Kong for participation in international sports events.

**Proposed timing
for discussion**

October 2008, members raised various concerns about the promotion of sports development in Hong Kong, such as the Administration's failure to promote the development of local football, the lack of a concrete plan to promote the long-term sports development such as the positioning of Hong Kong in the development of elite sports for participation in major sports games, the Administration's support for young athletes with potential, and the shortage of community sports facilities.

Note: At the informal meeting between the Panel Chairman/Deputy Chairman and SHA on 3 November 2008, the Administration agreed to provide a written response to the Panel on the above issue. The Administration advised in February 2009 that it was in the process of discussing with relevant stakeholders measures to take forward new initiatives introduced in the 2008 Policy Address and the relevant details would be reported to the Panel in May/June.

7. Strengthening the software and humanware for culture and the arts

The Panel first discussed the subject on 14 December 2007 and received views from deputations on 15 February, 9 May and 30 June 2008. The Panel agreed to follow up on this item and relevant issues, such as the Administration's plan to conduct research study to develop a new set of assessment criteria for the major performing arts groups for future funding purpose, as well as the development of inclusive arts for persons with disabilities.

June 2009
(Note)

Note: At the informal meeting between the Panel Chairman/Deputy Chairman and SHA held on 3 November 2008, the Administration advised that the study on the funding mechanism would be completed around the second half of 2009. 9. Setting up an intermediary body for the effective enforcement of maintenance orders

This item was last discussed on 13 June 2008. Some members were of the view that instead of making piecemeal changes to the existing system of enforcement of maintenance orders, the Administration should consider the establishment of an intermediary body for the collection of maintenance payments and make reference to the successful experience of Australia. These members considered that such a body could assist the maintenance payees in handling the cumbersome legal procedures in collecting maintenance payments.

End 2009
(Note)

At the meeting on 14 October 2008, Hon CHEUNG Kwok-che expressed concern that the issue had been outstanding for a long time and little progress had been made. He suggested that the Panel should revisit this item in the current session.

Note: At the informal meeting between the Panel Chairman/Deputy Chairman and SHA held on 3 November 2008, the Administration has advised that it maintains the view that an intermediary body per se would not bring significant benefits over and above those that can be achieved by improving the existing system through various legislative and administrative measures. The Administration does not consider that there are justifiable reasons to support the establishment of an intermediary body to help maintenance payees to collect maintenance payments. In view of members' concern, the Chairman suggested that the item be re-visited, where appropriate.

10. Implementation of recommendations of the 2006 District Council (DC) Review

**Proposed timing
for discussion**

At the meeting on 13 February 2009, Hon IP Kwok-him suggested that senior officials of the relevant Bureaux be invited to the Panel to discuss various issues relating to the operation of DCs and measures to enhance communication between DCs and the relevant Bureaux/departments in the management of district facilities and services. 12. Provision of an allowance for village representatives

(Note)

At the meeting on 14 October 2008, Hon Emily LAU suggested that this issue should be discussed at the Panel meeting in November 2008 together with other issues related to village representatives.

forwarded to Heung Yee Kuk for deliberation.

13. Review of advisory and statutory bodies

This item was last discussed on 13 January 2006. The Panel discussed 14 interim reports and a progress report on the review during the 2003-2004 and 2004-2005 sessions, and the interim report No. 15 on 13 January 2006. The Administration will continue to submit interim reports on various topics concerning the review to this Panel.

(Note)

When the Bills Committee on Statute Law (Miscellaneous Provisions) Bill 2005 discussed a proposed amendment to the Legal Aid Services Council (LASC) Ordinance (Cap. 489) on extending the deadline for LASC to submit its annual report, some members expressed concern that there should be consistency in the time limit within which statutory bodies should submit their annual reports. HAB has then agreed to include review of the time limit for submission of annual reports by statutory bodies in its review of advisory and statutory bodies.

Note: At the informal meeting between the Panel Chairman/Deputy Chairman and SHA on 3 November 2008, the Administration agreed to provide a written response to the Panel on the issue.

15. Membership of the Full Council and Executive Committee of Heung Yee Kuk (HYK)

At the meeting of the Duty Roster Members with representatives of the Association of the New Territories (NT) Indigenous Residents on 16 December 2002, the latter expressed dissatisfaction with the Heung Yee Kuk (HYK) Ordinance (Cap. 1097) under which the NT Justices of the Peace (JPs) served as Ex Officio Councillors of the Full Council and Ex Officio Members of the Executive Committee of HYK. They considered that the NT JPs, and Special Councillors and Co-opted Councillors of HYK could not represent and protect the interests of the villagers and indigenous inhabitants of NT and requested that the HYK membership should be reviewed. Their views were referred to this Panel for consideration on 24 December 2002.

Not suggested for discussion in the near future
(Note)

The Administration has proposed to discuss this item along with item 16 on traditional rights and interests of indigenous villagers of NT.

Note: At the informal meeting between the Panel Chairman/Deputy Chairman and SHA on 3 November 2008, the Administration did not suggest this item and item 16 for discussion in the near future as more research work needs to be carried out to make the discussion more fruitful.

16. Traditional rights and interests of indigenous villagers of NT

At the LegCo Members' meetings with HYK Councillors on 10 June 2003 and 2 March 2004, a proposal of enacting legislation to implement Article 40 of the Basic Law regarding the protection of lawful traditional rights and interests of indigenous villagers as well as issues relating to the exemption from payment of Government rent were discussed. Members agreed that the issues involved policy consideration about the traditional rights and interests of indigenous villagers in NT, and should be referred to this
