Clerk to LegCo Panel on Housing  
Legislative Council Secretariat  
Legislative Council Building  
8 Jackson Road, Central  
Hong Kong

(Attn: Miss Becky Yu)

Dear Miss Yu,

**Legislative Council Panel on Housing  
Meeting on 17 April 2009**

At the meeting of the Panel on Housing on 17 April 2009, the Administration undertook to provide the number and location of air monitoring stations to be set up to detect the presence of asbestos prior to and during the clearance of Tung Tau (I) Estate Block 22, and upload the monitoring results onto the website of the Housing Department.

**The number and location of air monitoring stations to be set up**

According to preliminary assessment, at least 8 air monitoring stations would be set up at the periphery of the work site and at sensitive areas such as nearby buildings and the annexed primary school prior to the clearance of Tung Tau (I) Estate Block 22. Before clearance works start, our asbestos consultant will ascertain the exact number and locations of air monitoring stations again and submit the proposal to the Environmental

**[Translation]**

Protection Department for approval. The site will be closely monitored prior to and during the clearance.

**To upload the air monitoring results onto Housing Department website**

The air monitoring results of Tung Tau (I) Estate Block 22 taken prior to and during the clearance will be uploaded onto the Housing Department (HD) website. As for the names of public housing estates with asbestos containing material, they will be uploaded to the website of the HD by end June 2009.

Yours sincerely,

(Original Signed)

( Sheung-yuen LEE )  
for Secretary for Transport and Housing
