Panel on Public Service
Special meeting on 13 July 2009

Updated background Brief
on the policy on post-service employment of
former directorate civil servants

Purpose

This paper sets out the policy and arrangements governing post-service employment of former directorate civil servants and gives a brief account of the major views and concerns expressed by Members at previous meetings of the Legislative Council (LegCo) and the Panel on Public Service (PS Panel).

Background

2. The Government's policy on post-service employment aims to ensure that civil servants on final leave or who have left the Government will not take up any work outside the Government (referred to as "outside work") which may constitute real or potential conflict of interest with their previous government service, or cause negative public perception embarrassing the Government and undermining the image of the civil service, without at the same time unduly restricting the said individuals' right to pursue employment or other work after ceasing government services. However, the approval given by the Administration to a number of retired directorate officers to take up employment with private enterprises shortly after their ceasing active service or during their final leave has caused concern to LegCo Members and the public.

Previous discussions at the Council and the Panel

3. The PS Panel discussed the mechanism to approve retired directorate officers to take up outside work on 17 May 2004. Panel members questioned the effectiveness of the mechanism in upholding the integrity of civil servants, especially in preventing directorate officers from giving favouritism to private consortia in the formulation of policies and decision-making during their service immediately prior to retirement. The

Panel urged the Administration to review the policy and approval mechanism as soon as possible, including the length of the sanitization period, whether the retired directorate officers should be allowed to take up employment during their final leave, what restrictions should be imposed on the post-retirement employment of directorate officers, and how to enhance the transparency of the mechanism.

4. In view of the wide public concern about the approval given by the Administration for Ms Elaine CHUNG Lai-kwok, the former Deputy Director of Housing to take up post-retirement employment with the Hong Kong Ferry (Holdings) Co. Ltd., Hon KWONG Chi-kin raised an oral question about the approval at the LegCo meeting on 1 December 2004. The PS Panel subsequently discussed with the Administration on 21 December 2004 the policy governing post-retirement employment of civil servants, and requested the Administration to conduct a full investigation of Ms Elaine CHUNG's case.

5. On 2 February 2005, the Council passed a motion on "Monitoring the post-retirement employment of the Chief Executive, principal officials under the accountability system and civil servants at directorate level with private-sector organizations", moved by Hon CHEUNG Man-kwong as amended by Hon TAM Yiu-chung. The wording of the motion passed is at **Appendix I**.

6. The Administration consulted the PS Panel on 21 March and 21 November 2005 the proposed revisions to the arrangements governing post-service outside work by directorate civil servants.

Existing arrangements for post-service employment of directorate civil servants

7. The Administration promulgated in December 2005 a set of new arrangements applicable to directorate officers who cease active service or enter into new agreement on or after 1 January 2006. For directorate officers who ceased active service or entered into agreements before 1 January 2006, the pre-1 January 2006 arrangements continue to apply to them. The key elements of the new arrangements and the vetting procedures and criteria, as provided in the latest annual report on the work of the Advisory Committee on Post-service Employment of Civil Servants¹ (the Advisory Committee), are set out in the ensuing paragraphs.

¹ The Advisory Committee, formerly known as the Advisory Committee on Post-retirement Employment, is an independent body to advise the Government on matters related to post-service employment of civil servants. It is chaired by a High Court judge and comprises four other members. The Advisory Committee reports its work to the Chief Executive annually. The Nineteenth Report on the work of the Advisory Committee covering the period from 1 January 2007 to 31 December 2007 was issued to members of the PS Panel in July 2008.

Key elements of the arrangements

8. In brief, the new arrangements include-
- (a) directorate civil servants need to obtain prior permission from the Secretary for the Civil Service (SCS) to take up any outside work during their final leave period and/or within a specified control period counting from their formal departure from the Government. The control period is three years for civil servants ranked at Directorate Pay Scale Point 8 (D8) and two years for others;
 - (b) retired directorate civil servants are subject to a minimum sanitization period counting from cessation of active government service, during which outside work is not permitted, other than that covered by the blanket permission². The minimum sanitization period for directorate civil servants below D4 is six months and for those at D4 or above is 12 months;
 - (c) directorate civil servants are normally not permitted to take up full-time remunerated work or work of a commercial nature, during their final leave period (even if it exceeds the afore-stated minimum sanitization period);
 - (d) directorate civil servants who take up post-service outside work are subject to a set of standard work restrictions³; and
 - (e) where necessary, the Advisory Committee may advise, and SCS as the approving authority may impose, a longer sanitization period and/or additional work restrictions.
9. Key elements of the new arrangements, as compared with the arrangements before 1 January 2006, are set out in **Appendix II**.

² Blanket permission is given for all directorate civil servants to take up unremunerated work with specified non-commercial organizations throughout the final leave and control periods. The specified non-commercial organizations include (a) charitable, academic or other non-profit making organizations not primarily engaged in commercial operations; (b) non-commercial regional or international organizations; and (c) the central Authorities of the People's Republic of China.

³ Directorate civil servants are subject to standard restrictions that they should not in their post-service outside work- (a) be personally involved, directly or indirectly, in the bidding for any government land, property, projects, contracts or franchises; (b) undertake or represent any person in any work including any litigation or lobbying activities that are connected in any way with- (i) the formulation of any policy or decisions; (ii) sensitive information; (iii) contractual or legal dealings; (iv) assignments or projects; and/or (v) enforcement or regulatory duties in which they were involved or to which they had access during their last three years of government service; or (c) engage in any activities that will cause embarrassment to the Government or bring disgrace to the civil service.

Vetting procedures

10. Processing of applications for outside work from directorate civil servants involve the following steps:

- (a) scrutiny by the Head of Department (HoD) or Head of Grade (HoG) and the Permanent Secretary concerned;
- (b) Civil Service Bureau (CSB) then forwards the application, together with the assessments made by the relevant HoD or HoG and Permanent Secretary, to the Advisory Committee for consideration and advice; and
- (c) the application, with the Advisory Committee's advice, is submitted to SCS for a decision.

Vetting criteria

11. In considering applications for permission to take up outside work, the key factors taken into account by the Advisory Committee are real or potential conflict of interest and public perception.

12. The specific considerations include –

- (a) whether the applicant, while in government service, had been involved in the formulation of any policy or decisions, the effects of which directly or specifically benefited or could directly or specifically benefit his/her own business or prospective employer;
- (b) whether the applicant or his/her prospective employer might gain unfair advantage over competitors because of the applicant's access to sensitive information while in government service;
- (c) whether the applicant, while in government service, had been involved in any contractual or legal dealings to which his/her prospective employer was a party;
- (d) whether the proposed work would have any connection with the assignments/projects and/or regulatory/enforcement duties in which the applicant had been involved while in government service;
- (e) whether the applicant's taking up of the proposed work would give rise to public suspicion of conflict of interest or other impropriety; and
- (f) whether any aspects of the proposed work would cause embarrassment to the Government or bring disgrace to the civil service.

13. The number of applications considered by the Advisory Committee in the past three years (i.e. 2005, 2006 and 2007), with breakdown by the applicants' background, are provided in **Appendix III**.

Suspension of pension

14. Civil servants who are re-appointed to serve in the Government, or appointed to the public organizations gazetted as public service for the purpose of pension suspension, are required to have the payment of their monthly pension suspended. This suspension of pension is not applicable to retired officers taking up employment with private enterprises.

Members' major views and concerns on the policy and approval mechanism

15. The major views and concerns previously expressed by Members at meetings of the LegCo and the PS Panel held during May 2004 to November 2005 are summarized below:

(a) Effectiveness of the approval mechanism

- Given the high approval rate of applications for post-service employment, it is doubtful whether the approval mechanism is effective in achieving the objective of the post-service employment policy. A due process for handling applications is important for maintaining the impartiality of the mechanism, safeguarding public interest, and inspiring public confidence in the probity and integrity of the civil service.
- The Administration should examine how the approval mechanism could be enhanced, taking into account the need to strike a balance between the rights of individual civil servants to pursue employment or business after retirement on the one hand, and the public interest and aspirations of the community regarding the integrity and impartiality of the civil service on the other.
- The Administration should propose effective measures to improve the transparency of the mechanism. For instance, information on outside work taken up by all directorate officers irrespective of their rank should be made available for public inspection.
- The approving authority, including the HoD/Bureau concerned, should be held responsible for wrong judgment if the approved outside work subsequently did give rise to negative public perception.

(b) Sanitization period

- To ensure that the post-service employment of former directorate civil servants will not constitute a conflict of interest with their previous

government service, the granting of approval for post-service employment should be tightened up by lengthening the sanitization period. The sanitization period should be counted from the date on which the retired officers leave the civil service, instead of the date of cessation of active service.

(c) Information for scrutiny of applications

- To facilitate the HoDs concerned in making their recommendations on applications for post-service employment, CSB should collate more information about the applications, such as information on whether the company was a subsidiary or associate of another business group.

(d) Monitoring of approved cases

- The Administration should look into the approved cases of post-service employment and remind the civil servants concerned of the terms of approval, and explore means to strengthen its monitoring of the approved cases to ensure compliance with the terms of approval.

(e) Suspension of pension

- Monthly pension payment should be suspended for those retired officers who have taken up employment with private enterprises.

Recent concerns

16. There were wide public concerns about a recent case concerning an announcement made by New World China Land Limited (NWCL) on 1 August 2008, regarding the appointment of Mr LEUNG Chin-man (former Permanent Secretary for Housing, Planning and Lands and Director of Housing) as an Executive Director and Deputy Managing Director of the company. There was public suspicion that conflict of interest existed in the appointment as NWCL is a subsidiary of the New World Development Company Limited, while one of its subsidiaries was one of the developers involved in the Hunghom Peninsula development, in which Mr LEUNG had been involved during his government service. (Appendix IV to LC Paper No. CB(1)86/08-09 provides the background information on the disposal of the Hunghom Peninsula flats).

17. Hon Margaret NG had provided the PS Panel with a copy of her letter dated 7 August 2008 relaying her concerns on CSB's approval on Mr LEUNG in post-service employment. The letter was circulated vide LC Paper No. CB(1)2259/07-08.

18. The Chief Executive (CE) subsequently made a statement on 15 August 2008 on the case. According to CE's statement, in giving approval to Mr LEUNG's

application, SCS had imposed the following restrictions in addition to the standard ones applicable to directorate civil servants-

- (a) Mr LEUNG should not involve himself in any business of NWCL that is connected with Hong Kong;
- (b) Mr LEUNG should not use or disclose to NWCL any classified or sensitive information acquired while he was in government service;
- (c) Mr LEUNG should not participate in any discussion between NWCL and the Government; and
- (d) Mr LEUNG should confine his proposed appointment to NWCL.

19. As Mr LEUNG's involvement in the handling of the Hunghom Peninsula development had not been duly considered by CSB when processing his application, CE requested SCS to consult the relevant policy bureaux again on Mr LEUNG's application with due regard to his involvement in the Hunghom Peninsula development and present the relevant information to the Advisory Committee for further advice on Mr LEUNG's application.

20. On 16 August 2008, NWDCL announced that the company had agreed with Mr LEUNG Chin-man to resolve the employment contract in question. CE responded to media enquiry on the same day that a re-assessment of Mr LEUNG's application would not be necessary in view of the new development, but instead, a dedicated committee would be set up to examine the best way forward for handling post-service employment of civil servants. On 30 September 2008, CE announced the appointment of the Committee on Review of Post-Service Outside Work for Directorate Civil Servants (the Review Committee), comprising Hon Ronald ARCULLI as the Chairman and ten other members including four LegCo Members and SCS.

PS Panel's recent discussions on the control regime

21. PS Panel held a special meeting on 27 October 2008 to discuss the approval process of Mr LEUNG Chin-man's application and the enhancements for the existing control regime. The Panel further discussed on 16 February and 16 March 2009 the Review Committee's work progress and its consultation document with the Chairman of the Review Committee.

22. Panel members were of the view that the incident of Mr LEUNG Chin-man had revealed the inadequacy of existing control arrangements in preventing directorate civil servants from taking up any work outside the Government which might constitute a real or potential conflict of interest with their former government duties or cause negative public perception. The wide public concern aroused had clearly demonstrated the need

for strengthening the existing control regime. Some members suggested that to ensure impartiality, the approving authority should be an independent body rather than SCS. Some members suggested that the control periods under the existing control regime should be extended to five years, during which a former directorate civil servant could not take up employment with commercial organizations, while some suggested that a former directorate civil servant should not be allowed to take up post-service outside work which was related to his policy responsibilities in his last five years of government service.

23. Members considered that avoiding suspicion or perception of "deferred reward" for past favour done by a former directorate civil servant in his official position to benefit a particular entity or individual in return for lucrative post-service employment, as raised in the Review Committee's consultation document, was very important. They considered that it was the public expectation that the Review Committee would come up with improvement measures to specifically address the issue of "deferred reward". Some members were of the view that in considering the necessary enhancements to the existing control regime, the Review Committee should take note of the public expectation that the principle of protection of public interest was more important than that of protection of an individual's right to pursue post-service employment.

24. Members also expressed concern that since politically appointed officials had wider powers, it would be unreasonable if the control arrangements applied to directorate civil servants were even more stringent than those applied to politically appointed officials. The Chairman of the Review Committee undertook that the Review Committee would consider views expressed by the public and LegCo in this regard.

Council Business Division 1
Legislative Council Secretariat
10 July 2009

Wording of motion passed on 2 February 2005 on "Monitoring the post-retirement employment of the Chief Executive, principal officials under the accountability system and civil servants at directorate level with private-sector organizations", moved by Hon CHEUNG Man-kwong as amended by Hon TAM Yiu-chung

"That, since the approval granted in recent years to a number of civil servants at directorate level for their post-retirement employment with private-sector organizations has aroused public concern, in order to fortify the prevention of civil servants at directorate level from taking up post-retirement employment that involves conflicts of interests with their previous service in the Government, this Council urges the Government to immediately tighten up, monitor the implementation of and strictly enforce the policies and measures governing the post-retirement employment of civil servants at directorate level with private-sector organizations, which should include:

- (a) imposing across the board a sanitization period of at least one year for directorate officers;
- (b) prohibiting directorate officers from taking up employment with private-sector organizations during their pre-retirement leave to guard against double pay;
- (c) identifying loopholes in the work of the Advisory Committee on Post-retirement Employment to prevent the Committee from becoming a rubber stamp which approves applications indiscriminately;
- (d) making public information on the approvals granted by the Government for civil servants at directorate level to take up post-retirement employment with private-sector organizations; and
- (e) closely monitoring the changes in the nature of post-retirement employment taken up by directorate officers with private-sector organizations after such approvals have been granted so as to ensure that there is no conflict of interest between their post-retirement employment and their previous service in the Government;

furthermore, this Council also calls upon the Civil Service Bureau to expeditiously complete the investigation into the incident of Ms Elaine CHUNG Lai-kok and publish the relevant report, and urges the Administration to strictly enforce the relevant policies by exercising appropriate and forceful regulation over the post-departure or post-retirement employment of the Chief Executive and the principal officials under the accountability system with private-sector organizations, so as to achieve the policy direction of 'resolutely against collusion between business and the Government to eliminate any transfer of benefits' announced in the Chief Executive's 2005 Policy Address, thereby ensuring that upon the departure of the Chief Executive, principal officials and directorate officers, they do not enter into any business or take up any employment which may constitute a conflict of interest with their previous service in the Government or adversely affect the image of the Government."
