Action

LC CB(1)2541/09-10(01)	Paper	No. - Administration's response to issues raised at the meeting on 8 July 2010
LC CB(1)2240/09-10(04)	Paper	No. - Administration's response to the issues raised at the meeting on 7 June 2010
LC CB(1)2366/09-10(02)	Paper	No. - Administration's supplementary response to issues raised at the meeting on 7 June 2010
LC CB(1)2240/09-10(03)	Paper	No. - Administration's response to issues raised at the meeting on 1 June 2010
LC CB(1)2366/09-10(01)	Paper	No. - Administration's supplementary response to issues raised at the meeting on 1 June 2010
LC CB(1)2240/09-10(02)	Paper	No. - Administration's response to issues raised at the meeting on 27 May 2010)

The Bills Committee deliberated (index of proceedings attached at **Annex**).

2. The Administration took members through the paper on the Administration's response to the issues raised at the meeting on 11 October 2010 (LC Paper No. CB(1)108/10-11(01)). Some members reiterated the need to extend the exemption at public light bus (PLB) stands from the first two PLBs to the first three PLBs of each route.

3. In response, the Administration recapitulated the reasons quoted earlier for not further extending the exemption at PLB stands, and stressed the difficulty involved by highlighting the unique characteristics of PLB stands, namely, that many major PLB stands were situated in busy districts and in close proximity to pedestrians and people working or living nearby the roads. The environmental benefits of the Bill would significantly reduce if the exemption at PLB stands was further extended.

Clause-by-clause examination of the Bill

4. The Bills Committee examined clauses 1 to 8 of the Bill. Members expressed the following views and concerns –

- (a) By stating that the examples given in the Bill to demonstrate the operation of provision(s) were neither exhaustive nor

Action

conclusive, clause 2(2) might give rise to uncertainties and hence might be misleading to the public.

- (b) On clause 3, the Administration had claimed that the idling prohibition would in general apply to consular personnel and this seemed to contradict paragraph 4 of the Administration's letter dated 20 September 2010 (LC Paper No. CB(1)2834/09-10(01)), which stated that "consular officers shall enjoy personal inviolability except in the case of a grave crime and in execution of a judicial decision of final effect".
- (c) The seemingly unrestricted power of the Director of Environmental Protection under clause 6 to exempt a driver or class of drivers from the idling prohibition in any manner was undesirable, especially as the notice of exemption was not subsidiary legislation.

ALA5  
Admin.

5. Assistant Legal Adviser 5 (ALA5) was requested to consider the implications of clause 2(2) (paragraph 4(a) above) and to relate members' concerns to Legal Adviser of the Legislative Council so that he would follow up the issue with Law Draftsman, and the Panel on Administration of Justice and Legal Services would be requested to take up the issue where necessary. In this connection, the Administration was requested to provide precedents in the Laws of Hong Kong where examples were given to demonstrate the "operation" of a provision in a piece of legislation.

Follow-up actions required of the Administration

Admin

6. The Administration was also requested to provide response to the following issues raised by members –

- (a) To advise the length of time expected between the passage and the date of the Bill coming into operation, as some time might be required for implementing public education and publicity on the Bill before its actual implementation, and the enforcement approach (e.g. whether there would be a grace period during which warnings instead of fixed penalty notices would be given);
- (b) To consider substituting "driving authority" in clause 9 with "driving licence" or "driving permit", and providing a

Action

- definition for "driving licence" or "driving permit" in clause 2;
- (c) To consider deleting "driving authority" in clause 2;
  - (d) To consider defining "complainant" in clause 2 to provide that a complainant would refer to any person or class of persons whom the Secretary for Justice might appoint to make a complaint under clause 16(3), and to explain the government personnel who might be so appointed;
  - (e) To confirm whether the proposed idling prohibition was applicable to consular personnel, notwithstanding the Administration's earlier letter (LC Paper No. CB(1)2834/09-10(01)) where it was stated that "consular officers shall enjoy personal inviolability except in the case of a grave crime and in execution of a judicial decision of final effect", and to confirm that the consular personnel in Hong Kong had the same understanding in this regard;
  - (f) To clearly explain the factors which the Director of Environmental Protection would consider in deciding whether or not to grant exemption under clause 6 to a driver or class of drivers, the mechanism for applying for such exemptions and how the enforcement agents could be made aware of which persons had been granted such exemption;
  - (g) To review and improve the expression "或以張貼於有關汽車上的方式給予" in clause 8(2); and
  - (h) To review the appropriateness of using "examples" as a general law drafting policy and in the Bill, and to explain the legal effect of clause 2(2).

Date of next meeting

7. Members agreed that the next meeting would be held on Thursday, 4 November 2010, at 4:30 pm.

*(Post-meeting note: With the concurrence of the Chairman, the next meeting was subsequently rescheduled for Friday, 5 November 2010, at 8:30 am.)*

Action

**II Any other business**

8. There being no other business, the meeting ended at 6:20 pm.

Council Business Division 1
