Clerk to Bills Committee on Motor Vehicle Idling (Fixed Penalty) Bill

Legislative Council Secretariat

3/F, Citibank Tower

3 Garden Road

Central, Hong Kong

Dear Sir/Madam

Re: Bills Committee on Motor Vehicle Idling (Fixed Penalty) Bill

On behalf of the members of the Danish Chamber of Commerce in Hong Kong it is my duty to express support for the proposed bill. The most important arguments are that roadside pollution in Hong Kong is a disgrace. Since the single most important improvement required for future international recognition of our city is better air quality any measures leading in this direction including said Bill is important. Additionally we find that the benefits of this measure are comparable with the shopping bag levy which has tremendous and perhaps unexpected influence on general good sustainable awareness and behavior.

Yours sincerely,
