**Exempt Hong Kong Trade Development Council (HKTDC) from the Competition Bill**

Prorsum Group Holdings Limited is founded in 2005 with headquarter located in Hong Kong, is a leading supply chain integrator in the region, offering one-stop international sourcing and distribution service to worldwide buyers and suppliers.

HKTDC is a non-profit making organization and provides the platform for SMEs like us to connect the oversea buyers by organizing different exhibitions, trade fairs and seminars in Hong Kong and overseas countries since 1966. We have exhibited in TDC exhibitions and benefits from considerable publicity, media exposure and high level official reception in their trade shows.

We concern HKTDC can't provide us their existing service level under the Competition Law. They will be difficult to compete in the international exhibition industry and the exhibition fee may be increased to our local SMEs. It will harm to Hong Kong industries.

As a result, I am writing to express my support to HKTDC and disagree with listing HKTDC in Competition Law which discourages to promote trade and industries in Hong Kong.

Thanks for your kind attention.

Yours faithfully,

Lawrence Yip

Managing Director
