

Subcommittee on Dumping at Sea (Exemption) (Amendment) Order 2009

**List of follow-up actions arising from the discussion
at the meeting on 1 December 2009**

1. In response to members' concerns about the water quality as a result of the operation of disposal of contaminated sediment at East of Sha Chau, the Administration was requested to provide information on the extent and time taken for the affected seabed to return to its pre-dredged state for marine organisms, the environmental monitoring and audit results for the Contaminated Mud Pit IV at East of Sha Chau including the types and frequency of monitoring data collected, and the method of collection.
2. The Chairman relayed the concern of Tuen Mun District Council (TMDC) about the environmental monitoring of the disposal facility at East of Sha Chau, and requested the Administration to undertake to provide regular reports on the environmental monitoring results of the disposal facility concerned to TMDC for reference.
