2011年道路交通(修訂)條例草案委員會

法案委員會秘書

袁家寧女士

袁女士，

2011年道路交通(修訂)條例草案委員會

《2011年7月12日舉行的會議》

有關2011年5月25日提交立法會的《2011年道路交通(修訂)條例草案》擬定立服用或使用藥物後駕駛汽車有關連的新罪行，並在貴會於2011年6月24日致本會信中所提及6款(a)-(f)的修訂，本會除了重申去年提交之意見書(請參閱附件)上的意見外，並沒有新的意見。縱使如此，仍期望貴會繼續將所有任何新的建議儘早通知本會，以便與會員醫生商討。

祝 工作順利！

Murray Building, Garden Road
Hong Kong

Dear Ms. Cheng,

Re: Initial Proposals to Combat Drug Driving

We refer to your letter dated 27 July 2010 seeking our views on the captioned. To gauge the opinion of the medical profession towards such an important bill, Hong Kong Doctors Union conducted a survey among our members and the results are tabulated as follows. (Please see enclosed results of survey for details).

1. The majority agreed that it is appropriate to putting a list of most common drugs of abuse in Hong Kong i.e. heroin, ketamine, ice, cannabis, cocaine and MDMA to be covered in the proposed "zero-tolerance control" legislation.
2. The majority disagreed with the proposal to make it an offence to drive under the influence of drugs e.g. anti-hypertensives and anti-diabetic agents.
3. The majority agreed that it would be an offence to drive when impaired by drugs.
4. Regarding measures to enhance patients' awareness on effects of drugs on driving the majority agreed on oral or with using written medical advice on labels accompanying drugs given by doctors, dentists or pharmacists.
5. The great majority believed the Government should educate the public not to drive whenever they have adverse influence from drugs.
6. The majority agreed to empower trained Police officers to require a driver to undergo preliminary impairment tests (including Pupil Measure test, Romberg test, the Walk and Turn test, the One Leg Stand test and the Finger to Nose test) if the Police have reasonable cause to believe that the driver is suspected to be impaired by drugs.

Thanking you for your kind attention.

Yours sincerely,

Dr. Ho Ock Ling
Hon. Secretary
Hong Kong Doctors Union

Encl.
