Date : 22 October 2010
From : Clerk to the Legislative Council
To : All Members of the Legislative Council

Council meeting of 3 November 2010

**Motion on
“Formulating an animal-friendly policy”**

Hon CHAN Hak-kan has given notice to move the attached motion on “Formulating an animal-friendly policy” at the Council meeting of 3 November 2010. The President has directed that “it be printed in the terms in which it was handed in” on the Agenda of the Council.

(Mrs Justina LAM)
for Clerk to the Legislative Council

Encl.

(Translation)

**Motion on
“Formulating an animal-friendly policy”
to be moved by Hon CHAN Hak-kan
at the Legislative Council meeting
of Wednesday, 3 November 2010**

Wording of the Motion

That the keeping of pets among Hong Kong people has become increasingly common, and there is also a growing concern about the rights of animals; however, the animal welfare policy in Hong Kong lags far behind the standards of other developed places in the world, and cases of animal cruelty keep occurring; tens of thousands of animals are euthanized every year, and there is still insufficient activity space for the integration of human beings and animals within the communities; in this connection, this Council urges the Government to formulate an ‘animal-friendly policy’ to ensure that the rights of animals can be safeguarded; the relevant policy measures should include:

- (a) by making reference to the present animal protection legislation in developed places, to review and amend the existing Prevention of Cruelty to Animals Ordinance for the purpose of catching up with international standards, and to classify the intentional abandonment of animals as animal cruelty, as well as to explore the provision of compulsory psychological counselling and courses on animal protection to convicted persons;
- (b) to establish ‘animal police’ teams specially tasked to investigate cases of animal cruelty and abandonment, enhance the training of frontline enforcement officers on handling cases of animal cruelty and their awareness of such cases, and set up a ‘dedicated hotline for reporting animal cruelty’, with a view to curbing the situation of animal cruelty and abandonment from becoming prevalent;
- (c) to request the Department of Justice to pay close attention to the sentencing for cases of animal cruelty, and where sentencing for the cases concerned cannot fully reflect their seriousness, to seek sentencing guidelines by applying for reviews of sentences to the relevant courts, so as to truly reflect the social concern about offences of animal cruelty;
- (d) to improve the existing management mechanism for the sale and registration of animals, including reviewing the licensing and regulatory mechanism for the sale and breeding of pets and stepping up the monitoring of the sources of animals, so as to combat problems such as unlicensed animal breeding and illicit animal import;

- (e) to improve the hygiene conditions in the animal management centres under the Agriculture, Fisheries and Conservation Department and enhance the transparency of stray animal management by allowing Members and animal rights organizations to conduct regular inspections, increase the number of qualified animal adoption organizations and expand the scope of animals for adoption to reptiles and amphibians, so as to facilitate the adoption of animals by a greater number of people and organizations;
- (f) to co-operate with District Councils and animal rights organizations to fully implement the 'Trap-Neuter-Return' programme, and use humane means to deal with the problem of stray cats and dogs;
- (g) to provide subsidy to the public for neutering their pets, and train more veterinary health care personnel to meet the social demand for the services concerned;
- (h) to introduce appropriate measures, including identifying sites for constructing more parks for pets, and exploring the opening of various recreational venues such as parks and beaches partially or at specific time slots, so that members of the public can bring in their pets;
- (i) to actively identify suitable locations for the provision of public toilets for dogs, increase the number of dog excreta collection bins on street side and step up the frequency of cleaning and washing, with a view to improving environmental hygiene;
- (j) to explore the regulation of hospice service for animals through licensing;
- (k) to step up publicity and education for the public on animal care and responsible pet ownership, and set up an 'animal protection fund', so that organizations can make applications for organizing more animal welfare activities; and
- (l) to enhance people's understanding of endangered animals and relevant regulatory systems, and require that animal traders must provide appropriate labels for identifying endangered species, as well as to provide buyers with points to note on keeping endangered species, with a view to strengthening the management of endangered animals.
