Dear Ms Chung,

**Panel on Development**  
**Follow-up to Meeting on 25 January 2011**  
**CB(1)1100/10-11(04)**

In considering the paper on **681CL** "Formation, roads and drains in Area 54, Tuen Mun – phase 2" on 25 January 2011, Members requested the Administration to provide information about whether the proposed works would cause adverse effects on visitors' access to and activities at Ching Chung Koon. Our responses are as follows.

The location of the proposed works is at quite some distance, more than 700 metres, from Ching Chung Koon. The Traffic Impact Assessment Review for the project has confirmed that the proposed works would not affect the traffic at the road junctions in the vicinity of Ching Chung Koon both during the construction and operation stages of the project.

Yours faithfully,
