20 th June 2011

Clerk to Panel on Environmental Affairs
Legislative Council Secretariat
3rd floor Citibank Tower
3 Garden Road
Central

Dear Sir,

Having conducted a convenient sampling with e-mails and made 3 questions (Q1: Do you agree that you have not browed the EIA website <http://www.epd.gov.hk/eia/> from 1988 till now? Q2: Do you agree that EIA report should include a 'standard alone' analysis of the proposed project and put forward relevant mitigation measures? Q3: Do you agree that EIA mechanism came into operation on 1 April 1998 needs review for existent HK society?) and its analysis, i would like to conculde finsings for your reference and consideration for Review of environmental impact assessment mechanism.

1. most HK respondents (over 90%) have not browed the EIA website till now 2. most HK respondents (over 90%) agree EIA report should include a 'standard alone' analysis of the proposed project and put forward relevant mitigation measures. 3. most HK respondents (over 90%) agree EIA mechanism needs review for existent HK society.

It can be generalization as a result for panel on environmental affairs of legislative council. Now it is time to review of environmental impact assessment mechanism

Thank you for your kind attention.
