problems caused by P2P telemarketing calls and considered it necessary to introduce legislation to regulate such calls.

After consultation with the industry, OFTA has finalised a benchmark CoP and circulated it to industry associations and major telecommunications operators in February 2010. The benchmark CoP includes guidelines requesting telemarketers to disclose identity and calling line identification information when making such calls. Telemarketers are also requested to maintain an in-house unsubscribe list for the public to make unsubscribe request.

According to the Administration, industry associations of four business sectors, namely finance, insurance, telecommunications service and call centre, have pledged support for the voluntary self-regulation scheme. Up to mid March 2011, the industry associations of insurance companies, banks, restricted licence banks and deposit-taking companies; three major telecommunications operators; two telemarketing industry associations; and a major telecommunications industry association have implemented their own CoP. The Administration will update the Panel on the progress of the implementation of the voluntary CoP after it has operated for some time.

11. Spectrum trading

OFTA has appointed a consultant to study the feasibility of introducing radio spectrum trading in Hong Kong for facilitating economic and technically efficient use of this scarce public resource. The Administration is examining the recommendations made by the consultant. If it is considered justifiable to pursue the initiative, the Administration will draw up an implementation framework and consult the public. The Administration will brief the Panel on the subject when necessary.

paid radio announcement by a Legislative Council Member, Hon Emily LAU requested that a Panel meeting be held with the Administration, relevant statutory bodies and deputations to discuss the matter.

13. Mobile data charges

In view of the increasing public concern about the rising problem of exorbitant mobile data charges, and the cap on mobile data charges that came into force recently in the European Union to protect consumers from "bill shock", members suggested that a Panel meeting should be held with the Administration to discuss the matter with a view to drawing up a long-term policy and time-table to regulate mobile data charges. At the Panel's request, the Research Division undertook to provide an information note on the preventive measures of mobile bill shock implemented in the European Union. The information note was circulated to members vide LC Paper No. CB(1)1195/10-11 on 31 January 2011.

would commission a further study on ICT take-up of people with disabilities and the elderly later in 2011. The Administration will report the findings of the above studies to the Panel when such findings are available.

16. Manpower arrangement of Radio Television Hong Kong

At the Panel meeting on 14 March 2011, the Panel met with the Administration and representatives of the Radio Television Hong Kong (RTHK) Programme Staff Union to discuss the manpower arrangement of RTHK. A motion urging the Administration to accord priority to serving non-civil service contract staff and formulate a comprehensive plan to retain quality serving staff for RTHK was passed at the meeting. The Administration was requested to report progress of the recruitment and promotion exercises to the Panel.

To be confirmed.

17. Extension of existing Digital Entertainment Incubation-cum-Training (Incu-Train) Programme

The Administration and The Hong Kong Cyberport Management Company Limited (HKCMCL) briefed the Panel on the Incu-Train Programme both during members' visit to Cyberport on 18 January 2011 and at the Panel Meeting held on 14 March 2011. The third phase of the Incu-Train Programme will commence in February 2012, and the HKCMCL will allocate around \$6-7 million a year out of its own resources to support the Programme. The Administration will update members on the progress of the Programme in the context of its next regular report on Cyberport.
