Miss YUE Tin-po
Clerk to Panel on Information Technology and Broadcasting
Legislative Council Complex,
1 Legislative Council Road,
Central,
Hong Kong

Dear Miss Yue,

**Information Requested by the Panel on
Information Technology and Broadcasting on 13 June 2011**

At the Panel meeting on 13 June 2011, the Administration undertook to follow up on two requests from Members –

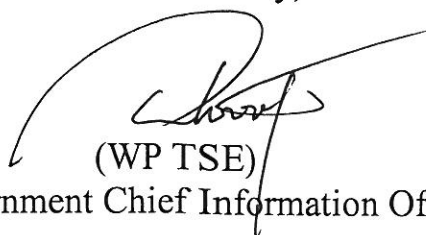

Request by Hon WONG Ting-kwong relating to the “One-stop service for incorporation and business registration”

The Administration was asked to provide information on the E-Government services relating to the filing of annual business returns both launched and planned to be launched. We have consulted the Companies Registry who replied that the filing of annual returns for companies has not yet been launched. The Registry targets to launch the e-filing of annual returns in 2012. Before the launch of e-filing, the Registry also plans to launch an E-Government service before the end of 2011 to enable agents appointed by companies to file company documents on behalf of the companies.

Request by Hon Dr Samson TAM relating to the “Computerized Land Information System”

The Administration was asked to consider providing under the new Computerized Land Information System geo-referenced data on whether a street was a private or public street and the outlook of buildings in Hong Kong to facilitate identification. We have referred this to the Lands Department.

Yours sincerely,

A handwritten signature in black ink, appearing to be 'WP Tse', written over a large, stylized flourish that starts from the left and curves upwards and to the right.

(WP TSE)
for Government Chief Information Officer
