LEGISLATIVE COUNCIL BRIEF

DECLARATION OF CONSTITUENCIES (DISTRICT COUNCILS) ORDER 2011

INTRODUCTION

At the meeting of the Executive Council on 22 March 2011, the Council ADVISED and the Chief Executive ORDERED that –

(a) the recommendations in the report submitted by the Electoral Affairs Commission (EAC) to the Chief Executive (CE) on the delineation and the names of constituencies for the DC Election in 2011 (the EAC Report) be accepted in their entirety; and

(b) the Declaration of Constituencies (District Councils) Order 2011, at **Annex A**, should be made under section 6 of the District Councils Ordinance (Cap. 547) (DCO).

A

2. The main text of the EAC Report is at **Annex B** and copies of the full EAC Report will be tabled at Legislative Council (LegCo) meeting on 30 March 2011.

B

JUSTIFICATIONS

The EAC Report

(A) Statutory Requirements

3. Under section 4(a) of the Electoral Affairs Commission Ordinance (Cap. 541) (EACO), one of the functions of the EAC is to consider or review the boundaries of District Council constituency areas (DCCAs) for the purpose of making recommendations on the delineation and the names of DCCAs for a DC ordinary election.

4. The EAC is required under section 18 of the EACO to submit a report to the CE on its recommendations for DCCAs not more than 36 months from the preceding DC ordinary election. As the last DC ordinary election was held on 18 November 2007, the EAC should submit its report and recommendations to the CE by 17 November 2010. However, the CE has pursuant to section 18(4) of the EACO extended the deadline to April 2011[1].

5. In making recommendations on the delineation of DCCAs, the EAC is bound by certain statutory provisions as set out in the EACO and the DCO. The combined effects of the relevant provisions of these two Ordinances are as follows –

(a) there are to be 412 elected members in the 18 DCs **[section 5(1) of the DCO and Part I of Schedule 3 to the DCO]**;

(b) each constituency is to have one elected member **[section 7 of the DCO]** and hence there are 412 DCCAs;

(c) the population in each constituency should be as near the population quota[2] as practicable, and where it is not practicable to comply with this requirement, the population in that constituency should not exceed or fall short of the population quota by more than 25% (the ±25% deviation limits) **[sections 20(1)(c) and (d) of the EACO]**;

(d) the EAC may depart from the strict application of (c) above only where it appears that a consideration of community identities, the preservation of local ties or physical features such as the size, shape, accessibility and development of the relevant area, renders a departure necessary or desirable **[sections 20(3) and (5) of the EACO]**; and

---

[1] We focused in the first half of 2010 on the methods for selecting the Chief Executive and for forming the Legislative Council in 2012, including the participation of elected DC members in the two elections, following which we proceeded to deal with the number of elected DC seats for the coming DC ordinary election. To allow the EAC adequate time to formulate DC constituencies delineation proposals, the CE has approved the extension of the submission deadline to April 2011 pursuant to section 18(4) of the EACO.

[2] Population quota means the total population of Hong Kong divided by the total number of elected members to be returned in the election.

(e) the EAC must follow the existing boundaries of districts specified under the DCO **[sections 20(4A) of the EACO]**.

C & D

Relevant extracts from the EACO and the DCO are at **Annexes C** and **D** respectively.

(B) Provisional Recommendations of the EAC

(a) Working principles (paragraph 2.3 of the EAC Report)

6. In making its provisional recommendations, a primary consideration of the EAC was to ensure compliance with the population criterion. Based on the forecast figures provided by an inter-departmental working group chaired by the Planning Department, the population of Hong Kong as at the end of June 2011 will be 7,120,229. With 412 DCCAs, the population quota is 17,282. The range of population for each DCCA based on a ±25% deviation is from 12,962 to 21,603.

7. When arriving at its provisional recommendations, the EAC adopted a set of working principles, which included the followings –

(a) for existing DCCAs where the population fell within the ±25% deviation limits of 12,962 to 21,603, their boundaries would be maintained as far as possible;

(b) for existing DCCAs where the population fell outside the ±25% deviation limits, but the situation was allowed for the 2007 ordinary election and the justifications remained valid, their boundaries would be maintained as far as possible;

(c) for existing DCCAs other than those in (b) where the population fell outside the ±25% deviation limits, their boundaries and also those of adjacent DCCAs would be adjusted to comply with the population quota requirement, unless there are justifications for maintaining the boundaries on grounds of community identities, preservation of local ties and / or physical features. Where there was more than one way to adjust the boundaries of the DCCAs concerned, the one which affected the least number of existing DCCAs would be adopted, otherwise the one with the least departure from the population quota, would be used; and

(d) factors with political implications would not be taken into consideration.

8. Before the provisional recommendations were made, the EAC had invited District Officers to comment on its preliminary findings. The views of the District Officers on community identities, local ties and physical features were carefully considered by the EAC.

(b) Public consultation (paragraphs 3.1 to 3.7 of the EAC Report)

9. In accordance with section 19 of the EACO, the EAC conducted public consultation on its provisional recommendations for a period of not less than 30 days. During the consultation period from 3 December 2010 to 3 January 2011, members of the public could submit written representations to the EAC, or attend the public forums held on 14 and 17 December 2010 to express their views. The EAC received a total of 472 written representations. The two forums were attended by 102 people, 45 of whom expressed their views on the provisional recommendations. The original texts of the written representations are contained in Volume 3 of the EAC Report. Summaries of the written representations and oral representations raised at the public forums are set out in Appendix III of Volume 1 of the EAC Report.

(c) Key issues raised during public consultation (paragraph 4.6 of the EAC Report)

10. Of the representations mentioned in paragraph 9, 190 supported the EAC's provisional recommendations regarding individual DCCAs. A large number of the remaining representations stressed the importance of maintaining local community identities and ties even though the population in the DCCAs concerned would exceed the ±25% deviation limits. Some representations pointed out that the EAC's proposed delineation regarding certain DCCAs would disrupt the established cohesiveness of the residents and would affect the integrity and identity of the community.

11. In considering the representations, the EAC gave due weight to community identities and local ties. The EAC would consider accepting suggestions to alter the provisional recommendations with sufficient justifications on the grounds of community and / or geographical considerations and in some cases, would consider allowing the population of DCCAs concerned to exceed the ±25% deviation limits on the aforesaid grounds.

12. Some representations queried the accuracy of the population figures adopted by the EAC for the demarcation exercise. The EAC's position was that the estimated population figures were supplied by an inter-departmental working group, which was set up specifically for the purpose of the demarcation exercise. It had conducted comprehensive researches before compiling the relevant data by a systematic methodology. Moreover, for the reason of fairness and consistency, the EAC considered it necessary to use the same set of population distribution projections with the same basis and the same cut-off date for all DCCAs being considered under the demarcation exercise.

13. There were representations which suggested that the DCCA boundaries should be adjusted in anticipation of future population changes, so that they would not have to be re-delineated again in future. The EAC considered it essential to adhere to the population forecasts projected as at 30 June 2011, since the current demarcation work was to facilitate the conduct of the 2011 DC Election. Future changes in population after the said cut-off date would be considered in future demarcation exercises taking into account the latest developments at that time.

(C) Final Recommendations of EAC (Paragraphs 4.3 to 4.5 and 4.8 to 4.10 of the EAC Report)

14. In drawing up its final recommendations, the EAC adopted the following approach –

(a) For representations regarding DCCAs which were provisionally determined to be the same as those of the DCCAs in 2007 (unaltered DCCAs), modifications to their boundaries would be considered only if –

(i) they were supported by cogent reasons and would result in substantial and notable improvement on community, geographical and development considerations;

(ii) they would not in turn affect an unacceptable number of unaltered DCCAs; and

(iii) all the resulting population of the DCCAs affected would not exceed the ±25% deviation limits.

Where the population of an unaltered DCCA was within the ±25% deviation limit, the EAC considered it inappropriate to accept representations which proposed changes to the unaltered DCCA solely to bring the population closer to the population quota. If the EAC were to accept such representations, many DCCAs would have to be re-delineated and included in the final recommendations without the benefit of further public consultation as to their acceptability.

(b) For representations regarding new DCCAs (i.e. DCCAs other than those in (a)), suggestions with sufficient cause on better population distribution or on community considerations would be accepted, except those adopting an approach entirely different from the EAC and affecting an unacceptable number of unaltered DCCAs.

15. Having regard to the representations received, the EAC adjusted its provisional recommendations in respect of the boundaries of 19 DCCAs and the names of two DCCAs.

16. In the final recommendations, the boundaries of 122 DCCAs were changed, which was a decrease from the corresponding 139 DCCAs in the 2007 demarcation exercise. Details of the changes are set out in **Annex E**. The EAC allowed 26 DCCAs (as compared to 17 in the 2007 demarcation exercise), listed at **Annex F**, to exceed the ±25% deviation limits, mainly due to the need to preserve community identity and local ties.

E

F

17. The EAC submitted its final recommendations to the CE on 11 March 2011.

THE ORDER

18. According to section 21 of the EACO, the EAC Report received by the CE shall be considered by the CE-in-Council as soon as practicable. The decision of the CE-in-Council will be effected by way of an Order made under section 6(1) of the DCO, which has to be tabled at the LegCo for negative vetting. Furthermore, under section 23 of the EACO, the Administration is required to table the EAC Report at LegCo within 30 days of its submission to the CE (i.e. by 10 April 2011 as the report was submitted to the CE on 11 March 2011).

19. The Order has four sections. Section 1 specifies the commencement dates of the Order. Section 1(a) provides that the Order comes into operation on 23 May 2011[3] for the purpose of enabling arrangements to be made for the 2011 DC Ordinary Election. Under section 1(b), the Order comes into operation on 1 January 2012[4] in so far as it has not come into operation under section 1(a). Section 2 defines certain terms used in the Order. Section 3 and the Schedule declare the areas within the Districts to be DCCAs for the purposes of an election to elect the members for the fourth term of office of the District Councils and give names to the DCCAs. Section 4 repeals the Declaration of Constituencies (District Councils) Order 2006 (Cap. 541E).

LEGISLATIVE TIMETABLE

20. The legislative timetable will be –

Publication in the Gazette	25 March 2011
Tabling at the LegCo	30 March 2011

21. We will also table the EAC Report at LegCo on 30 March 2011.

IMPLICATIONS OF THE PROPOSAL

22. The Order is in conformity with the Basic Law, including the provisions concerning human rights. It will not affect the current binding effect of the relevant Ordinances and existing Regulations. The Order has no economic, financial, civil service, productivity, environmental or sustainability implications. For implementation of the proposed delineation of DCCAs, sufficient provisions have been included in the draft Estimates for 2011-12 of the Registration and Electoral Office.

---

[3] 23 May 2011 is the immediately Monday after the 49 day negative vetting period.

[4] 1 January 2012 is the date on which the Fourth Term DC commences.

PUBLIC CONSULTATION

23. There was a public consultation exercise for a period of not less than 30 days on the EAC's provisional recommendations. Details are set out in paragraphs 9 to 13 above.

PUBLICITY

24. A press release has been issued to announce the CE-in-Council's decision to fully accept the recommendations therein and the tabling of the EAC Report at the LegCo. A spokesman is available for answering media enquiries, if any.

Constitutional and Mainland Affairs Bureau
25 March 2011

CL094

Declaration of Constituencies (District Councils) Order 2011

(Made by the Chief Executive in Council under section 6 of the District Councils Ordinance (Cap. 547))

1. Commencement

This Order—

(a) comes into operation on 23 May 2011 for the purpose only of enabling arrangements to be made for the holding of the District Council ordinary election in 2011; and

(b) in so far as it has not come into operation under paragraph (a), comes into operation on 1 January 2012.

2. Interpretation

In this Order—

approved map (獲批准地圖), in relation to any District, means the map or any of the maps of that District—

(a) specified in column 3 of the Schedule; and

(b) approved by the Chief Executive in Council on 22 March 2011;

constituency boundary (選區分界), in relation to an area declared to be a constituency in this Order, means—

(a) the boundary represented in the relevant approved map by the unbroken edging coloured red delineating, or partially delineating, that area and described as "Constituency Boundary" in the legend of that map; or

(b) if any part of a district boundary joins or abuts any boundary partially delineating that area as mentioned in paragraph (a), or circumscribes or otherwise partially delineates that area—

(i) that part of that district boundary; and

(ii) that boundary partially delineating that area as so mentioned;

district boundary (地方行政區分界), in relation to any District, means the boundary of the District area delineated as mentioned in section 3(1) of the Ordinance which is represented in the relevant approved map by the broken edging coloured red and described as "District Boundary" in the legend of that map.

3. Declaration of District Councils constituencies

Each area delineated and marked on an approved map as mentioned in column 3 of the Schedule is declared to be a constituency for the purposes of an election to elect the members for the fourth term of office of the District Council established for the District specified opposite that area in column 2 of the Schedule. The name of the constituency is specified opposite that area in column 4 of the Schedule.

4. Declaration of Constituencies (District Councils) Order 2006 repealed

The Declaration of Constituencies (District Councils) Order 2006 (Cap. 547 sub. leg. E) is repealed.

Schedule [ss. 2 & 3]

Constituencies of Districts

Item	Name of District		Delineation of Area	Name of Constituency
1.	Central and Western District	(1)	That area delineated by the relevant constituency boundary on the approved map identified as Plan No. DCCA/R/2011/A and marked with the code A01.	Chung Wan
		(2)	That area delineated by the relevant constituency boundary on that approved map and marked with the code A02.	Mid Levels East
		(3)	That area delineated by the relevant constituency boundary on that approved map and marked with the code A03.	Castle Road
		(4)	That area delineated by the relevant constituency boundary on that approved map and marked with the code A04.	Peak
		(5)	That area delineated by the relevant constituency boundary on that approved map and marked with the code A05.	University
		(6)	That area delineated by the relevant constituency boundary on that approved map and marked with the code A06.	Kennedy Town & Mount Davis
		(7)	That area delineated by the relevant constituency boundary on that approved map and marked with the code A07.	Kwun Lung
		(8)	That area delineated by the relevant constituency boundary on that approved map and marked with the code A08.	Sai Wan
		(9)	That area delineated by	Belcher

Item	Name of District	Delineation of Area	Name of Constituency
		the relevant constituency boundary on that approved map and marked with the code A09.	
		(10) That area delineated by the relevant constituency boundary on that approved map and marked with the code A10.	Shek Tong Tsui

		(10) That area delineated by the relevant constituency boundary on that approved map and marked with the code T10.	Cheung Chau North

Clerk to the Executive Council

COUNCIL CHAMBER

2011

Explanatory Note

This Order declares the areas within the Districts to be constituencies for the purposes of an election to elect the members for the fourth term of office of the District Councils established for those Districts and gives names to those constituencies.

CHAPTER 1

INTRODUCTION

Section 1 : The Responsibility of the Electoral Affairs Commission

1.1 Under section 4(a) of the Electoral Affairs Commission Ordinance ("EACO") (Cap 541), one of the functions of the Electoral Affairs Commission ("EAC" or "Commission") is to consider and review the boundaries of district council constituencies for the purpose of making recommendations on the boundaries and names of constituencies for a District Council ("DC") ordinary election.

1.2 The Commission is required under section 18 of the EACO to submit a report to the Chief Executive ("CE") on its recommendations for DC constituencies not more than 36 months from the preceding DC ordinary election. As the last DC ordinary election was held on 18 November 2007, the EAC should submit its report and recommendations to the CE by 17 November 2010. Due to the reason as set out in paragraph 1.4 below, the aforesaid statutory deadline has been extended to April 2011.

1.3 Under section 21 of the EACO, the CE in Council shall consider the Commission's report as soon as practicable after receiving the report. Subject to the CE in Council's approval and the completion of the negative vetting procedure of the Legislative Council ("LegCo"),

the boundaries and names proposed by the Commission would be adopted for the DC ordinary election to be held in November 2011.

Section 2 : Increase in the number of elected seats

1.4 Delineation of the DC constituencies is based on the total number of elected seats for the next DC ordinary election. The Administration focused in the first half of 2010 on the methods for selecting the Chief Executive and for forming the Legislative Council in 2012, including the participation of elected DC members in the two elections, following which the Administration proceeded to deal with the number of elected DC seats for the next DC ordinary election. To allow the Commission adequate time to formulate DC constituencies delineation proposals, the CE has approved the extension of the submission deadline to April 2011 pursuant to section 18(4) of the EACO.

1.5 After undertaking an overall review on the number of elected seats for each DC having regard to the population forecast in Hong Kong in mid-2011, the Administration proposed to increase seven elected seats for the 2011 DC Election as follows:

(a) one more seat for each DC in Kwun Tong, Yau Tsim, Mong, Kwai Tsing, North and Sai Kung; and

(b) two more seats for Yuen Long DC.

1.6 The Administration consulted the LegCo Panel on Constitutional Affairs on the proposed addition of seven elected seats for the 2011 DC Election on 19 July 2010. A resolution was moved at the LegCo meeting on 20 October 2010 for approval of the District Councils Ordinance (Amendment of Schedule 3) Order 2010 ("the Order") to implement this proposal. The Order was approved by the LegCo on 1 December 2010 and published in the Gazette on 3 December 2010.

1.7 Following the LegCo's approval for the Order, the total number of elected seats in the 2011 DC Election was increased by seven from 405 to 412 and the total number of district council constituency areas ("DCCAs") to be delineated was increased to 412 as one DC member is to be elected from each constituency. The number of DCCAs to be delineated by district is set out in **Appendix I**.

Section 3 : Scope of the Report

1.8 The scope and content of this report are based on the requirement stipulated under section 18 of the EACO. The report is published in three volumes. **Volume 1** primarily describes how the proposed delineation of the boundaries of DCCAs was worked out and sets out the Commission's recommendations on the boundaries and the names of the DCCAs with the reasons for its recommendations. **Volume 2** contains the maps of all the districts showing the proposed boundaries and names of the DCCAs in each district and the related boundary descriptions. **Volume 3** records all written representations.

CHAPTER 2

THE DEMARCATION EXERCISE

Before Public Consultation

Section 1 : Statutory Criteria for Demarcation

2.1 The Commission adopted a set of criteria, as stipulated under section 20 of the EACO, as the basis for making its recommendations. These criteria are:

(a) The EAC shall ensure that the population in each proposed DCCA is as near the population quota as practicable. "Population quota" means the figure arrived at by dividing the total population of Hong Kong by the total number of elected members to be returned in the DC ordinary election.

(b) Where it is not practicable to comply with (a) in a certain proposed DCCA, the EAC shall ensure that the population in that DCCA does not exceed or fall short of the population quota by more than 25%.

(c) The EAC shall have regard to the community identities, preservation of local ties, and the physical features (such as the size, shape, accessibility and development) of the area.

(d) The EAC must follow the existing boundaries of the districts and the number of elected members to be returned to a DC as specified in Schedules 1 and 3 of the DCO.

(e) The EAC may depart from strict application of (a) and (b) above only where it appears that one or more of the considerations in (c) above renders such a departure necessary or desirable.

2.2 For this demarcation exercise, the population quota was 17,282 (7,120,229, being the projected population of Hong Kong as at 30 June 2011 provided by the Administration (see paragraph 2.5 below), divided by 412 (the total number of elected members to be returned to DCs in the 2011 ordinary election after the addition of seven elected seats), i.e. 7,120,229 ÷ 412 = 17,282). Consequently, the permissible range of deviation (referred to in paragraph 2.1 (b) above) of the population of a DCCA from the population quota is 12,962 to 21,603.

Section 2 : Working Principles

2.3 The Commission also adopted a set of working principles for the demarcation exercise:

(a) For existing DCCAs where the population falls within the permissible range of 12,962 to 21,603, their boundaries will be maintained as far as possible.

(b) For existing DCCAs where the population falls outside the permissible range, but the situation was allowed for the 2007 DC election and the justifications have remained valid, their boundaries will be maintained as far as possible.

(c) Other than (b) above, for existing DCCAs where the population falls outside the permissible range, adjustments will be made to their boundaries (unless there are justifications for maintaining their boundaries on grounds of community identities, preservation of local ties and/or physical features) and also those of adjacent DCCAs to form new DCCAs. Where there is more than one way to adjust the boundaries of the DCCAs concerned, the one which affects the least number of existing DCCAs will be adopted, otherwise the one with the least departure from the population quota will be used.

(d) Factors with political implications will not be taken into consideration.

(e) The names of the new DCCAs to be formed are proposed by reference to major features, roads or residential settlements in the DCCAs after consultation with the relevant District Officers ("DOs") of the Home Affairs Department ("HAD").

(f) The Commission's provisional recommendations on the code references of districts and constituency areas were that the districts should be given the alphabetical reference from "A" onwards, with the omission of "I" and "O" to prevent confusion, starting from Central and Western district and other districts on Hong Kong Island, followed by the districts in Kowloon and the New Territories. The numbering of constituency areas in a district was to be prefixed by the alphabet reference for the district and started from the first numeral. "01" should be allocated to the most densely populated area, or the area traditionally considered most important or prominent or the centre of the district, and the number be proceeded consecutively in a clockwise direction so that as far as possible, two consecutive numbers should be found in two areas contiguous to each other. The Commission hoped that by adopting this system, any one who consults the maps would find it easier to understand them and locate the constituency areas. These methods have been adopted since 1994 and the public should be generally familiar with them.

(g) Where constituency boundaries have to continue into the sea, the DCCA boundary lines are, as far as possible, drawn perpendicular to the district boundary lines on the sea.

(h) Suggestions and comments from members of the public received since the last demarcation exercise will be taken into consideration and, where appropriate, accepted.

Section 3 : Working Partners

2.4 The EAC Secretariat, manned by designated staff of the Registration and Electoral Office ("REO"), assisted the Commission in carrying out the exercise.

2.5 As in the past, an Ad Hoc Subgroup ("AHSG"), formed under the Working Group on Population Distribution Projections set up in the Planning Department ("PlanD"), took up the primary task of providing the Commission with the necessary population forecasts, the most essential information required for the conduct of the exercise. The AHSG was chaired by an Assistant Director of the PlanD and comprised representatives from Constitutional and Mainland Affairs Bureau ("CMAB"), Census and Statistics Department, Housing Department ("HD"), Lands Department ("LandsD"), Rating and Valuation Department, the HAD and REO. To enhance the accuracy of the result produced, the AHSG was requested to project the population distribution figures as at a date as close to the election date as practicable. The AHSG provided a population forecast as at 30 June 2011, assuming that the DC ordinary election would be held in late 2011.

2.6 The LandsD rendered assistance in producing maps for the Commission, including the base maps (maps with street blocks, population figure in each block, existing DCCA boundaries and district boundaries), maps with the proposed DCCA boundaries, and boundary descriptions.

2.7 The DOs provided strong support in the demarcation exercise. Using their local knowledge about community identities, local ties, and physical features and developments in the DCCAs of their districts, the DOs provided valuable advice to the EAC on the delineation work.

2.8 The Information Services Department ("ISD") gave expert advice for mapping out the publicity strategy and ideas for designing the publicity programmes and materials for the consultation exercise.

Section 4 : The Work Process

Start of work

2.9 The AHSG held its first meeting in September 2009 to work out the method to be adopted for compiling the data and the work schedule. In late March 2010 the forecast population figures were made available, on the basis of which the LandsD prepared the base maps. When these base maps were ready, the EAC Secretariat proceeded to work on the preliminary proposed delineation of the boundaries.

Site visits

2.10 Since physical features such as the size, shape, accessibility and development of an area were important considerations in the delineation work, in order to gain first-hand information on areas where the geographical situations might impact on the delineation of constituency boundaries, the staff of the EAC Secretariat conducted site visits to identify the unique physical features, transport facilities and accessibility in the DCCAs concerned. Relevant information and topographical facts so gathered were analysed and taken into account in drawing up the preliminary proposals.

EAC meetings with the DOs

2.11 When the staff of the EAC Secretariat finalised their preliminary recommendations on the boundaries and names of the DCCAs, the proposals were presented to the Commission for consideration with the aid of maps and photographs to facilitate better understanding of the local features and the environment of the DCCAs concerned. The Commission also invited various DOs to attend meetings to discuss the proposals relating to their districts.

Provisional proposal

2.12 In the EAC's provisional recommendations, the boundaries of 113 DCCAs had to be changed and 16 DCCAs were renamed. The EAC allowed 26 DCCAs to exceed the permissible limits of the population quota for one reason or the other. The names of these DCCAs, the percentages of deviation and the reasons for allowing the permissible limits to be exceeded, are shown in **Appendix II**.

2.13 After the EAC had come up with the provisional recommendations on the boundaries of the DCCAs, the EAC Secretariat started to prepare for the launch of public consultation exercise on the EAC's provisional proposal for the period from 3 December 2010 to 3 January 2011. Details of the provisional recommendations were contained in two volumes published for the public consultation exercise.

CHAPTER 3

THE PUBLIC CONSULTATION

Section 1 : The Consultation Period and Public Forums

3.1 In compliance with the requirement of section 19 of the EACO, the Commission conducted a public consultation exercise on its provisional recommendations for the period from 3 December 2010 to 3 January 2011. During this period, members of the public could send in their representations, in writing, to the Commission to express their views on the Commission's provisional recommendations on the boundaries and names of the DCCAs.

3.2 The public consultation exercise was widely publicised through Announcements in the Public Interest on radio and TV, press releases, newspaper advertisements, posters and the Commission's website.

3.3 On the first day of the consultation period, i.e. 3 December 2010, the Commission held a press conference to launch the exercise and invited the public to give their views on the Commission's provisional recommendations. The Commission also appealed to the public that not only those who had opposing or different views should speak up, but those who supported the provisional recommendations

should also do likewise. This was to enable the EAC to more accurately gauge the public's views and degree of acceptance of the provisional recommendations.

3.4 Two forums were conducted from 10:30 a.m. to 4:30 p.m. on 14 and 17 December 2010 at the Theatre of the Hong Kong Heritage Museum and the Quarry Bay Community Hall respectively, where members of the public could attend and express their views to the Commission directly. Audio-visual aids were used to facilitate understanding of the representations by making reference to maps.

Section 2 : Number of Representations Received

3.5 During the consultation period, the Commission received a total of 472 written representations. On the two days of the forums, 102 persons turned up and 45 of them expressed their views on the provisional recommendations.

3.6 Among the representations received, there were 190 representations which supported the EAC's provisional recommendations. There were views in some representations that were not related to the delineation of boundaries or naming of the DCCAs but related to matters such as district boundaries and designation/allocation of polling stations. The Commission referred the views on district boundaries to the HAD for reference and instructed the REO to take necessary follow-up action on the views on polling stations.

3.7 The original texts of the written representations are set out in **Volume 3** of this report. Summaries of the written representations and oral representations are shown in **Appendix III** of this volume by district.

CHAPTER 4

THE DEMARCATION EXERCISE

After the Public Consultation

Section 1 : Deliberations on the Representations

4.1 As soon as the public consultation period ended, the EAC went through all the written and oral representations to consider whether they should be accepted.

4.2 Since some representations considered that the special physical characteristics of individual areas should be taken into account in the delineation exercise, the staff of the EAC Secretariat, where necessary, conducted site visits to assess the validity of the arguments raised and to explore the feasibility of the proposals given. To enable the EAC to thoroughly consider the representations and arrive at a fair and balanced deliberation, the information gathered from the site visits and the EAC Secretariat's analysis and observations were presented to the EAC again with the aid of maps and photographs showing the buildings and areas concerned.

General Approaches adopted by the Commission

4.3 For representations regarding DCCAs which were provisionally recommended to be the same as those of the DCCAs in 2007 ("unaltered DCCAs"), modifications to their boundaries would be considered only if:

(a) they are supported by cogent reasons and would result in substantial and notable improvement on community, geographical and development considerations;

(b) they would not in turn affect an unacceptable number of unaltered DCCAs; and

(c) all the resulting populations will not depart from the population quota by more than 25%.

4.4 The Commission considered it inappropriate to accept representations on unaltered DCCAs which proposed solely improvement on population distribution. If the Commission were to accept them, many DCCAs would have to be re-delineated and included in the final recommendations without the benefit of further public consultation as to their acceptability.

4.5 For representations regarding new DCCAs, suggestions with sufficient cause on better population distribution or on community considerations would be accepted, except those adopting an approach entirely different from the Commission's and affecting an unacceptable number of unaltered DCCAs.

The Commission's General Views

4.6 In considering the representations, the Commission also took the following factors into account:

(a) Preserving community identity and local ties

A large number of representations made to the Commission stressed the importance of maintaining local community identity and ties even though the population deviation in the DCCAs concerned would exceed the permissible limits. Some representations pointed out that the Commission's proposed delineation would disrupt the well established community identity and cohesiveness of the residents, and would affect the integrity of the community.

Some representations also emphasised that the residents of the affected areas would likely have a weaker sense of belonging to the DCCAs to which they had been newly assigned, and this in turn, would adversely affect the voters' turnout rate.

Some representations envisaged that the DC Member of a DCCA might have difficulty in serving two or more heterogeneous communities.

The Commission fully understood the sentiments and wishes of the representations and had considered all of them very carefully. Due weight had been given to community identities and local ties. Suggestions to alter the Commission's provisional recommendations with sufficient justifications on community and/or geographical consideration(s) would be accepted. The Commission viewed the conflict between the population quota requirement and local sentiments in an impartial manner so as to achieve a fair balance. Some DCCAs had been recommended to deviate from the population quota in excess of the permissible limits as the Commission considered that the community and/or geographical consideration(s) rendered the deviations necessary or desirable.

The EAC was pleased to note that through the concerted efforts of all parties concerned, the boundaries for a smaller number of DCCAs were changed in this exercise as compared with that in 2007 (i.e. 122 as compared with 139).

(b) The estimated population figures

There were representations objecting to the provisional recommendations on the grounds that they queried the accuracy of the estimated population figures which the Commission adopted for the demarcation exercise. They quoted other figures known to them, which were different from those used by the Commission. The Commission believed that the queries were merely based on personal estimation and/or information obtained from other sources which might not be appropriate for the exercise. The Commission's view in this aspect was that the estimated population figures used were supplied by the AHSG, which was set up solely for the purpose of the demarcation exercise. It had conducted comprehensive researches before compiling the relevant data by a systematic methodology. Moreover, for the reason of fairness and consistency, the EAC considered it necessary to use the same set of population distribution projections with the same basis and the same cut-off date for all DCCAs being considered under the demarcation exercise.

The Commission therefore held that the official data provided by the AHSG should remain as the sole and authoritative basis for the demarcation work.

(c) Anticipated changes in population

There were representations which considered that the future population of certain DCCAs would increase or decrease substantially, and the boundaries of such DCCAs should therefore be adjusted in anticipation of future developments, so that they would not have to be re-delineated again in future.

Although the development of an area was one of the factors which the EAC would have regard to, the Commission considered it essential to adhere to the population forecasts projected as at 30 June 2011 in delineating the boundaries of all DCCAs in this exercise, since the demarcation work was to facilitate the conduct of the 2011 DC Election. Future changes in population after the said cut-off date would be catered for in the next demarcation exercise, taking into account the latest development at that time.

(d) Supporting views

Where there were supporting representations received on the one hand and opposing ones relating to the same DCCA(s) on the other, the EAC would examine the acceptability of both sides in the light of the reasons given vis-à-vis the statutory criteria and working principles.

Section 2 : The Recommendations

4.7 At its meeting on 7 February 2011, the Commission, having taken into consideration the representations received and comments from DOs, drew up its finalised recommendations. Its views on the representations are recorded in the last column of **Appendix III**.

4.8 The EAC adjusted its provisional recommendations in respect of the boundaries of 19 DCCAs and the names of 2 DCCAs. Details of the alterations and changes are set out in **Appendices IV and V** respectively.

4.9 In the finalised recommendations, the boundaries of 122 DCCAs were changed and the EAC allowed the population in 26 DCCAs to deviate from the permissible limits of the population quota for reasons specified in **Appendix VI**.

4.10 A summary of the Commission's final recommendations is shown in **Appendix VII** of this volume. The details of these final recommendations with reference to maps and boundary descriptions are in **Volume 2**.

CHAPTER 5

A CONCLUDING NOTE

Section 1 : Acknowledgements

5.1 With the completion of this demarcation exercise, the Commission would like to express its gratitude towards the following units for their contributions: the AHSG, for its provision of the population forecasts; the DOs of the HAD, for their input on the basis of their district knowledge; the LandsD, for their production of the various maps for the conduct of the consultation exercise and production of the report; the ISD for their contribution to the publicity programme relating to the consultation exercise, the Government Logistics Department for the printing of the consultation materials and this report, the Leisure and Cultural Services Department and the HAD for their permission to use the Hong Kong Heritage Museum and the Quarry Community Hall as venues for holding the two public forums and the CMAB for their advice throughout the exercise.

5.2 The Commission is particularly thankful to the EAC Secretariat for their dedicated and concerted efforts in the preparation work.

5.3 Last but not least, the Commission is most grateful to those members of the public for their representations, put forth in writing or personally voiced in the public forums.

Section 2 : The Important Principles

5.4 As in previous demarcation exercises, the EAC has adhered to the statutory requirements and its working principles as far as practicable. The EAC has made every effort to observe the population quota requirement and at the same time to accommodate the suggestions from members of the public with reference to the community considerations in their districts, particularly in cases where the suggestions would result in substantial improvement on community ties, geographical accessibility and development. As always, the Commission has paid no regard to any suggestions with political implications.

5.5 Delineation of the DCCA boundaries is an integral part of an ordinary election. The Commission is committed to conducting each and every election under its supervision in an open, fair and honest manner. The Commission has all the time held on to this important principle in this demarcation exercise.

Annex C

Chapter:	541	Title:	ELECTORAL AFFAIRS COMMISSION ORDINANCE	Gazette Number:	L.N. 320 of 1999
Section:	20	Heading:	**Criteria for making recommendations**	Version Date:	01/01/2000

(1) In making recommendations for the purposes of this Part, the Commission shall-

(a) ensure that the extent of each proposed geographical constituency is such that the population in that constituency is as near as is practicable to the number which results ("the resulting number") when the population quota is multiplied by the number of members to be returned to the Legislative Council by that geographical constituency pursuant to any electoral law;

(b) where it is not practicable to comply with paragraph (a) in respect of a proposed geographical constituency, ensure that the extent of the constituency is such that the population in that constituency does not exceed or fall short of the resulting number applicable to that constituency, by more than 15% thereof;

(c) ensure that the extent of each proposed District Council constituency is such that the population in that constituency is as near the population quota as practicable; (Added 8 of 1999 s. 89)

(d) where it is not practicable to comply with paragraph (c) in respect of a proposed District Council constituency, ensure that the extent of the proposed constituency is such that the population in that constituency does not exceed or fall short of the population quota, by more than 25% thereof. (Added 8 of 1999 s. 89)

(2) In making such recommendations the Commission shall ensure that each proposed geographical constituency is constituted by 2 or more contiguous whole District Council constituencies.

(3) In making such recommendations the Commission shall have regard to-

(a) community identities and the preservation of local ties; and

(b) physical features such as size, shape, accessibility and development of the relevant area or any part thereof.

(4) In making such recommendations in relation to a general election the Commission shall have regard to-

(a) existing boundaries of Districts; and

(b) existing boundaries of geographical constituencies.

(Replaced 78 of 1999 s. 7)

(4A) Subject to subsection (4B), in making such recommendations in relation to an ordinary election, the Commission must follow the existing boundaries of Districts and the existing number of members to be elected to a District Council as specified in or under the District Councils Ordinance (Cap 547). (Added 8 of 1999 s. 89)

(4B) If the Chief Executive in Council makes any order under section 8 of the District Councils Ordinance (Cap 547)-

(a) not later than 12 months before the deadline for submitting a report for the ordinary election to which the recommendations relate; and

(b) which is applicable in relation to that ordinary election; and

(c) for the purpose of declaring Districts or specifying the number of members to be elected to a District Council,

the Commission must, in making such recommendations in relation to that ordinary election, follow the boundaries of the Districts as declared in the relevant order and the number of members to be elected as specified in the relevant order. (Added 8 of 1999 s. 89)

(5) The Commission may depart from the strict application of subsection (1) only where it appears that a consideration referred to in subsection (3) renders such a departure necessary or desirable.

(6) The Commission shall, for the purposes of subsection (1)-

(a) endeavour to estimate the total population of Hong Kong or any proposed constituency, as the case may be, in the year in which the election to which the recommendations relate, is to be held; and

(b) if it is not practicable to comply with paragraph (a), estimate the population of Hong Kong, the geographical constituency or the District Council constituency, as the case may be, having regard to the available information which is the best possible in the circumstances for the purpose of making recommendations.

(7) In this section-

"District" (地方行政區) has the meaning assigned to it by the District Councils Ordinance (Cap 547). (Replaced 8 of 1999 s. 89)

(Amended 8 of 1999 s. 89; 78 of 1999 s. 7)

Annex D

Chapter:	547	Title:	DISTRICT COUNCILS ORDINANCE	Gazette Number:	L.N. 77 of 1999
Section:	5	Heading:	**Number of members to be elected to a District Council and the number of members to be appointed to it**	Version Date:	19/03/1999

(1) The number specified in column 3 of Part I of Schedule 3 in relation to a District Council specified in column 2 of that Part is the number of members to be elected to that Council.

(2) The number specified in column 4 of Part I of Schedule 3 in relation to a District Council specified in column 2 of that Part is the maximum number of members to be appointed to that Council.

[sections 5, 8, 9 & 11]

PART I

NUMBER OF ELECTED MEMBERS AND APPOINTED MEMBERS

Item	District Council	Number of elected members	Number of appointed members
1.	Central and Western District Council	15	4
2.	Eastern District Council	37	9
3.	Kowloon City District Council	22	5

Note:

*** According to section 3 of the District Councils Ordinance (Amendment of Schedule 3) Order 2010 (L.N. 161 of 2010) ("the Amendment Order")-**

(a) item 4 is amended by repealing "34" and substituting "35";

(b) item 9 is amended by repealing "16" and substituting "17";

(c) item 11 is amended by repealing "28" and substituting "29";

(d) item 12 is amended by repealing "16" and substituting "17";

(e) item 13 is amended by repealing "23" and substituting "24";

(f) item 18 is amended by repealing "29" and substituting "31".

According to section 1 of the Amendment Order and the District Councils Ordinance (Amendment of Schedule 3) Order 2010 (Commencement) Notice (L.N. 159 of 2010), the above amendments-

(i) come into operation on 3 December 2010 for the purpose only of enabling arrangements to be made for the holding of the District Council ordinary election in 2011; and

(ii) in so far as they have not come into operation under paragraph (i), come into operation on 1 January 2012.

Chapter:	547	Title:	DISTRICT COUNCILS ORDINANCE	Gazette Number:	L.N. 77 of 1999
Section:	7	Heading:	**Number of elected members to be returned for each constituency**	Version Date:	19/03/1999

The number of elected members to be returned for each constituency is one.
