for the FC Meeting on 13 April 2012

As requested by the FC Chairman at the pre-meeting briefing with the Administration on 11 April 2012, supplementary information on the above FCai is appended below.

The \$70 million funding requested in para 2(a) covers expenditures on basic programmes, apart from those on manpower as well as overhead and administration. The basic programmes cover smaller-scale networking activities, workshops and classes, seminars on topical issues, etc. Such programmes are not covered by the two design signature events, for which funding of \$37.5 million is requested in para 2(b). Hence, there is no overlap between the funding support proposed under para 2(a) and para 2(b).
