Subcommittee Meeting on 13 February 2012**

This paper sets out the Administration's response to the follow-up issues raised by the Subcommittee at its meeting on 13 February 2012 in relation to the various matters on the Places of Public Entertainment Ordinance ("PPEO") (Cap. 172).

**The Administration to provide a map delineating the areas at Tamar which are under the management of the Legislative Council Commission**

2. We have conveyed the request to the Administration Wing of the Chief Secretary for Administration's Office for follow up.

**Whether the frontline police in the T case took action to "stop" the performance concerned pursuant to instructions given by the senior level**

3. On the day of the event, the organizer of the performance concerned was advised by police officers at the scene on two occasions that their activity might require a Temporary Places of Public Entertainment Licence and they might commit an offence for carrying on the activity without such a licence. The organizer then of its own volition ceased the performance. The officers concerned acted in accordance with their normal practice and procedure in handling the subject incident.

4. As legal proceedings are underway, it is inappropriate for the Administration to provide any further information about the case or discuss the same in further detail.
