**Legislative Council Panel on Education  
Start-up Loan for Post-secondary Education Providers**

**PURPOSE**

This paper informs Members of the Administration's proposal to seek the approval of the Finance Committee (FC) to provide from the Loan Fund the following loans totalling \$970 million to cover the costs of constructing purpose-built campuses mainly for the operation of full-time locally accredited degree programmes –

- (a) \$300 million to Caritas-Hong Kong (Caritas-HK) for the operation of Caritas Institute of Higher Education (CIHE); and
- (b) \$670 million to the Vocational Training Council (VTC) for the operation of Technological and Higher Education Institute of Hong Kong (THEi).

**BACKGROUND**

2. To promote the development of the self-financing post-secondary sector in Hong Kong, the Administration has launched various support measures. In July 2001, the FC approved a commitment of \$5,000 million for the Start-up Loan Scheme (SLS), which provides interest-free loans to non-profit-making post-secondary education providers in meeting their start-up costs, including purchasing, renting or building campuses, as well as enhancing teaching and other ancillary facilities. In February 2010, the FC approved an increase of \$2,000 million in the commitment for the SLS to meet the prospective loan requirements from institutions for the development of degree programmes. In May 2012, the FC approved to extend the ambit of the SLS to support the development of student hostels for the self-financing tertiary education sector and a further increase of \$2,000 million in the commitment for the SLS to meet the prospective loan requirements from institutions for the development of degree programmes and student hostels.

3. Applications for the Start-up Loans are assessed by an independent Vetting Committee. The terms of reference and membership of

the Vetting Committee are at Annex A, and the selection criteria adopted by the Vetting Committee are at Annex B. Since the introduction of the SLS, the FC has approved 26 loans to 14 institutions, amounting to about \$5,161 million in total. In addition, the Secretary for Education (SED) has approved under delegated authority<sup>1</sup> a total of seven loan applications amounting to about \$69 million in total. The list of Start-up Loans approved is at Annex C. As at the end of April 2012, a total of \$1,577 million has been repaid and all repayments have been made on time.

## **JUSTIFICATIONS**

4. We launched the latest round of Start-up Loan application exercise in November 2011, and the application was closed in February 2012. Having regard to the advice of the Vetting Committee, SED plans to recommend for the FC's approval the granting of a loan of \$300 million to Caritas-HK and a loan of \$670 million to VTC. Details on the use of the loans are set out in the paragraphs below.

### Caritas-HK for the operation of CIHE

5. CIHE, formerly known as Caritas Francis Hsu College (CFHC), is a registered post-secondary college established by Caritas-HK to offer higher diploma and associate degree programmes in various disciplines. CIHE currently operates at three campuses in Kowloon Tong, Caine Road and Tseung Kwan O with about 650 full-time students in total. In April 2011, CFHC successfully underwent an Institutional Review conducted by the Hong Kong Council for Accreditation of Academic and Vocational Qualifications (HKCAAVQ) for the provision of bachelor's degree programmes. Subsequently, CFHC was granted the approval to change its English name to CIHE in May 2011 and started to offer degree programmes in the 2011/12 academic year.

6. In June 2002, Caritas-HK was approved a Start-up Loan of \$15 million for setting up a temporary campus for Caritas Bianchi College of Career (CBCC), another post-secondary college operated by Caritas-HK, at MTR Kowloon Station. In June 2003, Caritas-HK was approved another Start-up Loan of \$188 million for constructing a purpose-built campus in Tseung Kwan O for CBCC. Extension of repayment period for the latter loan from 10 years to 20 years was approved in 2009. Caritas-HK started repaying

the two loans in 2003 and 2010 respectively and all repayments have been made on time.

7. Caritas-HK now applies for a Start-up Loan to fund part of the construction costs of a new purpose-built campus in Tseung Kwan O for the operation of the CIHE. The location map of the campus is at Annex D1. The area of the concerned site is around 7 500 square metres. Caritas-Hong Kong proposes to construct a 10-storey academic and administration building with a total gross floor area (GFA) of about 30 000 square metres. The total construction cost of the building is estimated to be \$698 million.

8. CIHE's proposed campus is planned to serve about 3 200 students. According to CIHE's proposal, it plans to offer at the new campus 20 bachelor's degree programmes and four postgraduate programmes listed at Annex D2. Subject to FC's approval, Caritas-HK targets to commence construction works in late 2013 and put the new campus into operation in the 2015/16 academic year.

9. We are of the view that CIHE's proposed new campus will increase the provision of self-financing degree places in Hong Kong and improve the learning environment of its students. In addition, there would be possible synergies between the new CIHE's campus and the adjoining CBCC campus. Supporting the construction of CIHE's new campus is in line with the Government's policy of promoting the healthy development of the self-financing post-secondary sector. We recommend granting a **Start-up Loan of \$300 million to Caritas-HK**.

#### VTC for the operation of THEi

10. VTC is a statutory body offering vocational education, training and professional development education in Hong Kong. Being one of the member institutions of VTC, THEi was established in February 2011 to offer self-financing degree programmes with strong vocational orientation and close industry collaboration. The Institute successfully underwent the Institutional Review conducted by HKCAAVQ in March 2012 and will be ready for its first intake for the 2012/13 academic year with the launch of six 4-year vocationally-oriented bachelor's degree programmes.

11. In June 2002, VTC was approved a Start-up Loan of \$266.4 million for constructing an additional premises, namely the School of Business and Information System (SBI) Building, within its Hong Kong Institute of Vocational Education (Tsing Yi) campus to provide accommodation for its SBI. VTC started loan repayment in 2005 and had

fully repaid the loan early in March 2012.

12. VTC now applies for a Start-up Loan to fund part of the construction costs of a new purpose-built campus for the operation of THEi in Chai Wan East. The location map of the campus is at Annex E1. The area of the concerned site is around 10 750 square metres. VTC proposes to construct a 6-storey building with customized teaching and learning facilities. These facilities include classrooms, lecture theatres, learning resources centre, laboratory and workshops etc, with a GFA of about 30 000 square metres. The total construction cost of the new building is estimated to be around \$768 million<sup>2</sup>.

13. THEi's proposed campus is planned to serve around 3 300 students<sup>3</sup>. According to THEi's proposal, it plans to offer at the new campus 11 degree programmes listed at Annex E2. Subject to the FC's approval, the Institute targets to commence construction works in the fourth quarter of 2013 and put the new campus into operation in the 2016/17 academic year.

14. We are of the view that THEi's proposed new campus will increase the provision of self-financing vocational-oriented degree places in Hong Kong and enhance the quality of the learning environment for its prospective students. In addition, there would be possible synergies between the new THEi's campus and an existing campus of VTC nearby. Supporting the construction of THEi's new campus is also in line with the Government's policy of promoting the healthy development of the self-financing sector, thereby widening the choice and opportunities for our students and facilitating the diversification of the higher education sector. We recommend granting a **Start-up Loan of \$670 million to VTC**.

## FINANCIAL IMPLICATIONS

15. As approved by the FC in July 2001, loans to be granted under the SLS will be interest-free, to be repaid by equal installments over ten years from the date of the final drawdown. Subject to the actual construction schedule of the two institutions, the tentative loan disbursement schedules are as follows –

---

<sup>2</sup> The money-of-the-day construction cost of the new building is \$1,072 million.

<sup>3</sup> All students of THEi will be accommodated at the SBI Building at its Hong Kong Institute of Vocational Education (Tsing Yi) campus before the Chai Wan Campus operates.

<b>Institution</b>	<b>FY 2013-14 \$ million</b>	<b>FY 2014-15 \$ million</b>	<b>FY 2015-16 \$ million</b>	<b>FY 2016-17 \$ million</b>	<b>Total \$ million</b>
Caritas-HK	50	200	50	-	300
VTC	220	340	-	110	670

16. The total interest foregone for granting the above loans will be around \$390.6 million based on the assumptions that loans will be drawn down in accordance with the above schedule, interests calculated at the cost of capital of the Government<sup>4</sup>, and without the extension of repayment period. There are no recurrent financial implications.

## **WAY FORWARD**

17. If Members have no objection, we intend to submit the proposal to the FC for approval on 29 June 2012.
