Dear Sirs,

How can the government ensure that justice can be served if any Mainland drivers commit a traffic offence in HK? It will also create heavy burden for the police to track down the drivers, if that is even possible ! Hong Kong people's lives are at risk if we allow Mainland drivers to drive in HK. Just imagine how you will feel if a member of your family get knocked down by a car driven by a Mainland driver and the police tells you that they cannot do anything about it !!!
