The Legislative Council (LegCo) will issue special "Legislative Council Complex" - "Heartwarming Stamps" pane and datestamped souvenir cover on 11 January 2012 to mark the opening of the LegCo Complex at Tamar to members of the public on the same day.

The LegCo Complex is the first purpose-built accommodation for the Hong Kong Legislature. Its construction commenced in 2008 and was completed in 2011. Comprising the Council Block, the Office Block and the adjoining open space, the Complex offers conference facilities required for Council business, office accommodation for LegCo Members and staff, alongside a wide range of facilities for the public. More members of the public are able to observe meetings at the public galleries of the Chamber and conference rooms and participate in the educational programmes conducted in various new facilities of the Complex.

The "Legislative Council Complex" - "Heartwarming Stamps" pane, priced at HK\$50, contains 12 commemorative stamps in local mail postage portraying various features of the LegCo Complex, including full view of the Complex, the Chamber, the Public/Press Gallery of the Chamber, and conference rooms, in the new era of greater public engagement.

The "Legislative Council Complex" - datestamped souvenir cover, priced at HK\$8, is affixed with a "Heartwarming Stamp" featuring the Chamber where Council

meetings are held to enact laws, raise questions and hold debates on public issues. The souvenir cover is cancelled with the datestamp of the "Philatelic Bureau (Lantau Link)" Pictorial postmark of the Hongkong Post dated 11 January 2012.
