新聞稿 Press Release

Suspension of the feeder bus service between the former LegCo Building and the LegCo Complex

The Legislative Council (LegCo) Secretariat announced today (15 February) that the feeder bus service between the former LegCo Building and the LegCo Complex will discontinue as from 1 March 2012.

At its meeting on 14 February, 2012, The LegCo Commission ("the Commission") reviewed the usage of the feeder bus service between the former LegCo Building and the LegCo Complex. In view of the demand for the service and the fact that the public has become familiarized with various access routes to the LegCo Complex, the Commission decided that feeder bus service will discontinue as from 1 March 2012. Notices will be put up at the bus stops to inform users of the suspension of the service.

Ends/Wednesday, 15 February, 2012
