

9th February 2012

In response to the media enquiries stated today, we take this opportunity to clarify the following:

LWK & Partners participated in the West Kowloon Reclamation Area Concept Master Plan Competition in 2001. The entry was made under a joint name with Dr. Ken Yeang, who is a Malaysian Architect.

LWK & Partners did not approach DTZ for any matter related to the competition, and did not invite DTZ to act as consultant.

In addition, the share holders and directors of LWK & Partners do not know Mr. C Y Leung in person.
