Hon Emily LAU and Hon Michael TIEN**

That, Hong Kong as an international city is advanced in economic development but falls behind in social development, often neglecting the basic rights of persons with disabilities; as the United Nations Convention on the Rights of Persons with Disabilities (‘the Convention’) has been in force in Hong Kong since 31 August 2008, this Council urges the Government to expeditiously establish an independent dedicated committee to promote, give effect to and monitor the SAR Government’s full implementation of the relevant provisions of the Convention, and based on the World Health Organization’s international standards on the definition of disabilities, to extend the scope of protection for persons with disabilities, review the definition of ‘severely disabled’ for Disability Allowance, and allow persons with disabilities under the age of 12 and those who do not lose 100% of their work capacity to equally enjoy the rights conferred under the Public Transport Fare Concession Scheme for the Elderly and Eligible Persons with Disabilities; and on 9 November 2011, this Council passed a motion on ‘Comprehensively reviewing the Disability Allowance scheme’, to which the authorities responded on the same day that they expected to complete the review of the Disability Allowance (‘DA’) scheme in early 2012 and report comprehensively to the Legislative Council Panel on Welfare Services (‘the Panel’); this Council urges the Government to expeditiously report the outcome of the Government’s review on the DA scheme to the Panel, so that this Council can conduct timely follow-up discussions in order to be accountable to all persons with disabilities in Hong Kong; this Council also urges the Government:

- (a) to conduct studies on extending the Public Transport Fare Concession Scheme for the Elderly and Eligible Persons with Disabilities to maxicabs and trams, etc.;
- (b) to increase barrier-free transport services such as the numbers of buses under Rehabus services and Easy-Access Transport Services, etc., so as to provide more point-to-point services for persons with disabilities;

- (c) to expeditiously implement the ‘universal accessibility’ programme to provide barrier-free access, and actively respond to the suggestions put forward by members of the public from various districts on the construction of barrier-free access;
- (d) to proactively promote barrier-free community facilities, improve community facilities, and provide owners’ corporations of buildings with technical and funding support for improving the main entry and exit access of their buildings;
- (e) to formulate a five-year plan for community care, build additional residential care homes for persons with disabilities and increase the number of places, so as to shorten the waiting time for admission and access to services;
- (f) to put in place a ‘subsidy for carers of persons with disabilities’ to assist carers of persons with disabilities in alleviating their financial burdens and mitigate the impact on their livelihood due to their inability to go out to work;
- (g) to set up a quota system for employing persons with disabilities and provide tax concessions to encourage employers to employ more persons with disabilities; and
- (h) to proactively support rehabilitation organizations to establish social enterprises, so as to provide employment opportunities for persons with disabilities;
- (i) in respect of enhancing public education, to implement Article 8 of the Convention, raise the awareness of the community at large regarding persons with disabilities, and combat stereotypes, prejudices and harmful practices relating to persons with disabilities, so as to achieve the harmonious integration between persons with disabilities and able-bodied persons;
- (j) in respect of creating a barrier-free environment, to implement Article 9 of the Convention and examine the existing barrier-free measures in connection with buildings, roads, transportation and other indoor and outdoor facilities, including schools, housing, medical facilities and workplaces;
- (k) to assist persons with disabilities in integrating into community life and implement Article 19 of the Convention, ensuring that public facilities

and various types of community services are responsive to the needs of persons with disabilities; and

- (l) in respect of supporting school children with specific learning difficulties, to implement Article 24 of the Convention, make reference to the special education policies of other countries and regions, and enact a 'special education law' to protect the learning needs of school children with specific learning difficulties; the Government should also strengthen teacher training, create a suitable learning environment, and ensure the integration of school children with specific learning difficulties into community life; and
- (m) to implement the recommendations relating to Hong Kong made by the United Nations Committee on the Rights of Persons with Disabilities after it had examined the report submitted by China (including Hong Kong and Macao) on her implementation of the Convention during the session convened at Geneva in September this year; and
- (n) to expeditiously review the impact of the implementation of the minimum wage on the employment of persons with disabilities.
