**Motion on
“Enhancing the overall sustainable competitiveness of Hong Kong”
to be moved by Dr Hon LAM Tai-fai
at the Council meeting of 22 May 2013**

Wording of the Motion

That the China Urban Competitiveness Reports issued by the Chinese Academy of Social Sciences in recent years point out that the gap between Hong Kong’s competitiveness and that of other Mainland cities is continuously getting narrower, and Hong Kong’s overall growth is relatively slow, with the scale of its economy expected to lag behind those of Mainland cities such as Beijing, Shanghai, Guangzhou, Shenzhen, etc., by 2015; in this connection, this Council urges the Government to conduct a comprehensive review and assessment of areas such as economic development, improvement of people’s livelihood, promotion of democracy, etc., and formulate feasible and timely policies which will be implemented, so as to enhance Hong Kong’s overall sustainable competitiveness.
