

Attention : **Hon Alan LEONG Kah-kit, SC, Chairman**, Panel on Food Safety and Environmental Hygiene, LEGCO
All Members, Panel on Food Safety and Environmental Hygiene, LEGCO

Subject: For Members' consideration in the Panel meeting on 16 April 2013 regarding agenda item V, "Proposals to better regulate pet trading - report on the outcome of public consultation and legislative proposals"

Date: 15 April 2013

Dear Chairman and Members,

We would like to bring to your attention that, with the joint effort from the undersigned organizations, a street signature campaign was conducted in Mongkok pedestrian zone from 4:00pm to 7:00pm on Saturday, 13 April 2013. During the three hours, over 8,600 signatures from members of the public were collected in support for more effective and stringent regulation on pet breeding than is currently being proposed by AFCD. Through their signatures, the signing public "**strongly urged the Hong Kong Government to enforce the strict control of pet breeding by issuing just one single type of professional animal breeding licence for a limited number of well-qualified pet breeders only.**", as stated on all the completed signature forms. A copy of all the signatures received is attached at Enclosure 1. The original of the signatures collected will be submitted **by hand** to the Under Secretary for Food and Health in due course.

For additional information, an online signature campaign¹ on the same subject has collected over 4,100 signatures (attached at Enclosure 2), showing support for similar demands.

Grateful if the above could be taken into consideration in the deliberation on the item in the captioned meeting.

Yours sincerely,

David Wong Kai-yan

on behalf of

9X9 Guy Fond Dogs
Animal Earth
Animal-Friendly Alliance
Hong Kong Scottish Fold Sickness Concern Group
Non-Profit making Veterinary Service Society (NPV)

我們希望你在最後關頭都肯走出來，為救動物一命，也救香港，不要讓這個「家」淪為烏煙瘴氣的寵物繁殖港！！

我們要求局方只發出單一的專業牌照，高門檻，並設牌照上限！

At such a critical stage, your 'signature' participation is essentially important to save the pets and help stop Hong Kong from turning into an uncontrollable pet breeding farm solely for profit making. We strongly urge the Hong Kong Government to enforce the strict control of pet breeding by issuing just one single type of professional animal breeding licence for a limited number of well-qualified pet breeders only.

Your Signature, will save breeding dogs/cats from their living hell!

希望你在最後關頭都肯走出來，為救動物一命，也救香港，不要讓這個「家」淪為烏煙瘴氣的寵物繁殖港
我們要求局方只發出單一的專業牌照，高門檻，並設牌照上限！

At such a critical stage, your 'signature' participation is essentially important to save the pets and help stop Hong Kong from turning into an uncontrollable pet breeding farm solely for profit making. We strongly urge the Hong Kong Government to enforce the strict control of pet breeding by issuing just one single type of professional animal breeding licence for a limited number of well-qualified pet breeders only.

一個簽名，救動物遠離地獄！

Your Signature, will save breeding dogs/cats from their living hell!

我們希望你在最後關頭都肯走出來，為救動物一命，也救香港，不要讓這個「家」淪為烏煙瘴氣的寵物繁殖港！！

我們要求局方只發出單一的專業牌照，高門檻，並設牌照上限！

At such a critical stage, your 'signature' participation is essentially important to save the pets and help stop Hong Kong from turning into an uncontrollable pet breeding farm solely for profit making. We strongly urge the Hong Kong Government to enforce the strict control of pet breeding by issuing just one single type of professional animal breeding licence for a limited number of well-qualified pet breeders only.

PETITION: Stop the exploitation of animals for profit. Regulate the breeding industry with 1 license

To: Secretary for Food and Health in Hong Kong, Dr Ko Wing Man

在香港，有無數小動物被私人繁殖者摧殘折磨，活在不見天日的地獄！

多年來，我們催逼政府盡快為139B修例，圖禁止寵物私人繁殖繼續殘虐動物，遺害社會。

但漁護署竟然倒行逆施，完全漠視動物的福利及公共的衛生下，只求向私人繁殖者獻媚，討好商家，強行借139B修例，向私人寵物繁殖發牌！縱容不法份子將動物推向地獄！

還有兩個星期，政府將我們一眾團體及民間反對聲音置諸不理，將建議提交立法會，香港動物最黑暗的日子就此開始。

我們希望你在最後關頭肯走出來，為救動物一命，也救香港，不要讓這個「家」淪為污煙瘴氣的寵物繁殖港！！

我們要求局方只發出高門檻的、單一的專業牌照，並設牌照上限！

我們希望你在最後關頭肯走出來，為救動物一命，也救香港，不要讓這個「家」淪為污煙瘴氣的寵物繁殖港！！

Say 'NO' to bad breeders. Stop the exploitation of animals for profit. Regulate the pet breeding industry with 1 license

WE WANT:

1 single, uniform license for ALL pet breeders that will:

- 1) PROTECT the health and welfare of the animals being bred
- 2) PROTECT the consumer's rights
- 3) PROTECT and safeguard public hygiene

This single license will enable professional breeders to operate as a business on a commercial premises BUT it will also ensure they do so under STRICT and CONTROLLED measures.

WHY:

Pet breeding is currently not illegal in Hong Kong and can be operated anywhere, be it a residential or commercial premise.

What does this mean? It means that there are pet traders out there who operate under unscrupulous and ruthless circumstances. They breed from their home where they keep a large number of animals trapped in horrendous, unsanitary, unhygienic and often tiny, cramped, cruel conditions.

THE ANIMALS ARE THE ONES WHO SUFFER.

They spend their whole lives in tiny cages, are forced to breed and when they can't make any more money for the pet traders, they are abandoned and dumped like trash in the street.

Breeders who operate in crowded residential premises also pose a threat to public health and hygiene, as illustrated by past cases uncovered in the media.

What we want from the government:

We believe that if the government is serious about addressing the safety and welfare of dogs in the breeding industry it should create 1 single license. The requirements of the license should include the below criteria:

- 1) It should sufficiently ensure that the health and welfare of the animals are safeguarded
- 2) There should be a limit on the number of licenses issued so

that the number of breeders can be properly monitored
 3) There should be a limit on the number of female dogs kept by each license holder for the purposes of breeding
 We believe that these simple steps will better serve the interests of the animals in the industry and also the interests of those buying the dogs.
 We are currently in a dialogue with the government regarding these proposals and we need your support.
