Dear Secretary,

As a volunteer of one of the Animal Welfare Organisation, HKDR, in Hong Kong. I would like to share my opinion to the proposed amendment.

I would like to echo Sally Anderson's suggestions, the founder of HKDR, in the capacity as a volunteer as well as a donar. There are many thousands of animal lovers in HK like myself who wants to save the lives of the pets by donating money and spend our own time to help out to the welfare of the animals. However, it is never enough if we do not put a stop at the root of the problem.

We believe that this is a great step forward but we would like to see a stricter control and heavier penalty for the regulation to be effective.

Best Regards,
Chan Ying Wah
Volunteer at HKDR
