**Panel on Health Services**  
**Special meeting on 27 November 2012**

Thank you for your letter of 16 November 2012 inviting the Hong Kong College of Family Physicians to submit our views and to attend the captioned meeting.

Our College strongly supports the Government to strengthen regulation of:

1. Medical beauty treatments and procedures, which should be safe and evidence based
2. Any person who practice medical treatments and procedures;
3. His/her relationship to the setting e.g. company, hospital, beauty shop
4. Advertisement of ungrounded health and medical information

Family physician is the first point of contact providing holistic and continuous care for our patients. The Hong Kong College of Family Physicians is committed to establish and maintain high standards of learning, skill and conduct in family medicine to safeguard the safety of the people of Hong Kong.

Yours sincerely,

Dr Ruby Lee  
President
