Panel on Transport

Meeting on 19 April 2013

Background brief on extension of the CITIC Tower Footbridge to the Legislative Council Complex at Tamar

Purpose

This paper provides background to the extension of the CITIC Tower Footbridge to the Legislative Council ("LegCo") Complex at Tamar.

Background

2. The matter on the extension of the CITIC Tower Footbridge to the LegCo Complex at Tamar has been raised and discussed at a special meeting of the House Committee on 11 July 2011.
3. Members considered that compared to the access routes connecting the Admiralty hinterland and Central Government Offices, it took a longer and less direct way for the public to go from Admiralty to the LegCo Complex and that there was a need to provide a direct, separate and covered access route to the LegCo Complex to maintain LegCo's constitutional role and independent image. The matter was subsequently followed up by The LegCo Commission.
4. The Administration will seek support from the Panel on Transport for the funding application of the proposed project of the extension of the CITIC Tower Footbridge to the LegCo Complex at the meeting of the Panel on Transport to be held on 19 April 2013.
