Subject: Question for 30Oct 09:30 MTR review

Dear Legco Transport Panel,

My opinion for SAR Mr. Cheung PL and Legco panel members
Transport Panel meeting 30 Oct 0930AM

1. Legco and SAR should not restrict the review to the adjustment formula alone,
2. Suggest to include the merger economy of scale review as opex did not drop but increased.
3. Suggest to enforce profit and loss auditing by Legco panel
4. Have MTR financial performance compared to nearby Countries, plus SAR Government subsidies
5. Have HK metro fare price compared to nearby Countries
6. Review fare structure to Shenzhen border, suggest higher fare and default baggage tariff and oversize and overload
7. Enhance frequent traveller rebates
8. Examine GSM leakage cable revenue base on subscriber population, and fiber cable leasing barter
