

LEGISLATIVE COUNCIL BRIEF

Public Bus Services Ordinance (Chapter 230)

PUBLIC BUS FRANCHISEES' SCHEDULE OF ROUTES ORDERS

INTRODUCTION

At the meeting of the Executive Council on 9 April 2013, the Council **ADVISED** and the Chief Executive **ORDERED** that the Schedule of Routes Orders¹ should be made under section 5(1) of the Public Bus Services Ordinance (“the Ordinance”) for The Kowloon Motor Bus Company (1933) Limited (“KMB”), Citybus Limited (“Citybus”), New World First Bus Services Limited (“NWFB”), and New Lantau Bus Company (1973) Limited (“NLB”) to formalise their service changes introduced during the period between 1 October 2011 and 30 November 2012².

JUSTIFICATIONS

2. The service changes have been made by the franchised bus companies at the request of the Commissioner for Transport (“the Commissioner”) to better serve the travelling public and improve the efficiency of bus operation. They need to be formalised to ensure the continuation of these changes.

THE ORDERS

3. The following changes to the services of the four franchised bus companies were introduced under section 15(1) of the Ordinance between 1 October 2011 and 30 November 2012, with the agreement of the franchised bus companies concerned -

¹ The draft Schedule of Route Orders are available for Members’ inspection at the Legislative Council Secretariat.

² The remaining franchised bus company, Long Win Bus Company Limited, has not made alteration to its routes or implemented new routes between 1 October 2011 and 30 November 2012. There is thus no need to make a new Schedule of Routes Order for it.

- (a) KMB introduced one new route, cancelled one route and made alterations to 45 routes;
- (b) Citybus operates two bus franchises. For the franchise for Hong Kong Island and cross-harbour bus services, Citybus cancelled one route and made alterations to 28 routes. For the franchise for North Lantau and Chek Lap Kok Airport bus services, Citybus made alterations to six routes;
- (c) NWFB made alterations to 16 routes; and
- (d) NLB made alterations to two routes.

These changes will be specified in the Orders.

4. In making the above changes, we have had regard to our policy objective of rationalising bus services, in particular on busy corridors, to improve service efficiency, help relieve traffic congestion and improve air quality, whilst ensuring that passenger demand would be appropriately met. Rationalisation of bus services is an on-going exercise. The Transport Department (“TD”) has been working with the District Councils (“DCs”) and the franchised bus companies to pursue cancellation, amalgamation or truncation of bus routes, reduction of frequency, or creation of new routes or enhancement of service as the circumstances may warrant. For reduction or cancellation of services, a key factor for TD to consider is whether reasonable alternative services are available for the affected passengers. The bus companies would redeploy buses saved from rationalisation exercises to other bus routes that require additional services.

5. The key justifications for the service changes to be specified in the Orders include the following –

- (a) to meet changing passenger demand;
- (b) to tie in with the changes in population in the districts, such as growth in population associated with new residential developments;
- (c) to tie in with traffic arrangements in connection with various works projects;
- (d) to improve the co-ordination among different public transport services and minimise wasteful duplication; and

- (e) to improve the efficiency of franchised bus operation.

A to D

Details of the service changes for each of the four franchised bus companies concerned are set out at Annexes A to D respectively.

6. The aforementioned changes had already been implemented during 1 October 2011 to 30 November 2012 as part of the Government's routine route rationalisation effort. After this, following the policy initiative announced in the Policy Address in January 2013, the rationalisation of bus services is now being pursued with greater vigour and we will adopt a new "area approach" in doing so. Under the area approach, the entire district, instead of individual routes, will be used as the basis for reviewing and rationalising bus services to ensure more cost-effective use of resources. Underutilised routes would be reduced or cancelled to spare resources for new or existing routes for the same district with keen demand to help win the community's acceptance. The area approach will first apply to North District later this year. Other regions/areas (i.e. New Territories West, New Territories East (other parts of the region other than North District), Kowloon and Hong Kong Island) will be covered in phases. Any changes to bus routes thereunder would be subsumed under Schedule of Routes Orders to be made in the future.

LEGISLATIVE TIMETABLE

7. The legislative timetable will be as follows –

Publication in the Gazette	19 April 2013
Tabling at the Legislative Council for negative vetting	24 April 2013
Commencement of the Orders	1 August 2013

IMPLICATIONS OF THE PROPOSAL

8. The proposal is in conformity with the Basic Law, including the provisions concerning human rights. The Orders will not affect the current binding effect of the Ordinance. The economic implication of the proposal is set out at Annex E. The proposal has no productivity, financial, civil service or family implications. In response to changes in bus passenger demand and to avoid unnecessary mileage, there were cancellation or truncation of routes, introduction of a new route and extension of routes in the Orders as

E

mentioned in paragraph 3 above. These changes are in line with the environmental objective of reducing roadside emission where possible. The changes do not have any major sustainability implications. Indeed, they should render public bus operation more sustainable.

PUBLIC CONSULTATION

9. The DCs concerned were consulted on the major service changes before such changes were introduced under section 15(1) of the Ordinance. Some DC members commented on the changes and proposed further enhancements to bus service, which has been considered by TD as appropriate.

PUBLICITY

10. The brief is issued for Legislative Council Members' reference. A spokesperson is available to answer media enquiries.

BACKGROUND

11. Under section 5(1) of the Ordinance, the Chief Executive in Council may grant any registered company the right to operate a public bus service on such routes as he specifies by order. The routes so specified form the franchised bus networks of the relevant bus franchises.

12. The franchised bus network needs to be adjusted from time to time to meet the changing transport needs of the community. Section 15(1) of the Ordinance provides that the Commissioner may, after consultation with the bus companies, require them to introduce new routes and make alterations to specified routes on a temporary basis where appropriate. Such changes may take effect for a period up to 24 months only unless they are specified in the Orders made by the Chief Executive in Council under section 5(1) of the Ordinance before the expiry of such a period.

13. The existing Orders were approved by the Chief Executive in Council in January 2012, formalising changes to bus routes up to 30 September 2011. It is now necessary to make new Orders to enable the service changes introduced between 1 October 2011 and 30 November 2012 to continue to take effect.
