Road Traffic (Breath Analysing Instruments, Screening Devices and Pre-screening
Devices) (Amendment) Notice 2013

L.N. 92 of 2013

B2951

TSANG Wai-hung
Commissioner of Police

16 May 2013

Explanatory Note

To facilitate the enforcement of the legislation against drink-driving, section 39F(1) of the Road Traffic Ordinance (Cap. 374) empowers the Commissioner of Police to approve breath analysing instruments, screening devices and pre-screening devices (*approved apparatuses*) by notice in the Gazette. The approved apparatuses are listed in Schedules 1, 2 and 3 to the Road Traffic (Breath Analysing Instruments, Screening Devices and Pre-screening Devices) Notice (Cap. 374 sub. leg. S) (*principal Notice*).

2. This Notice amends the principal Notice to re-enact its 3 Schedules for the following purposes—
 - (a) to add Alcotest 9510 manufactured by Dräger Safety AG & Co. KGaA in Lübeck, Germany, as an approved breath analysing instrument for analysing the proportion of alcohol in a specimen of a person's breath;
 - (b) to make technical amendments to standardize the style in which the manufacturers of the other approved apparatuses are described.
