Add

“Schedule 5

[s. 50A]

**Transitional and Saving Provisions Relating to
Registration of Construction Workers**

1. Interpretation of this Schedule

In this Schedule—

commencement date (生效日期) means the day on which section 28 of the Amendment Ordinance 2014 comes into operation;

corresponding designated trade division (對應指定工種分項), in relation to a designated trade, means a designated trade division with the same name as the designated trade;

designated trade (指定工種) has the meaning given by section 2(1) of the pre-amended Ordinance;

pre-amended Ordinance (《原有條例》) means the Construction Workers Registration Ordinance (Cap. 583) as in force immediately before the commencement date;

pre-existing registration (既有註冊) means a registration under the pre-amended Ordinance that was in force immediately before the commencement date.

2. Saving of pre-existing registration

- (1) A pre-existing registration as a registered skilled worker for a designated trade has effect as a registration as a registered skilled worker for the corresponding designated trade division.
- (2) A pre-existing registration as a registered skilled worker (provisional) for a designated trade has effect as a registration as a registered skilled worker (provisional) for the corresponding designated trade division.
- (3) A pre-existing registration as a registered semi-skilled worker for a designated trade has effect as a registration as a registered semi-skilled worker for the corresponding designated trade division.

- (4) A pre-existing registration as a registered semi-skilled worker (provisional) for a designated trade has effect as a registration as a registered semi-skilled worker (provisional) for the corresponding designated trade division.
- (5) This section is subject to section 3 of this Schedule.

3. Supplementary provisions to section 2 of this Schedule

- (1) A pre-existing registration as a registered skilled worker for a designated trade set out in column 1 of Schedule 6 has effect as a registration as a registered skilled worker for the designated trade division specified in column 2 of that Schedule opposite the designated trade.

- (6) A pre-existing registration as a registered semi-skilled worker for the designated trade of builder's lift operator has effect as a registration as a registered skilled worker for the designated trade division of builder's lift operator.

4. Expiry of pre-existing registration

A pre-existing registration having effect as a registration under section 2 or 3 of this Schedule expires on the day on which it would have expired if that section had not come into operation.

5. Saving of registration card for pre-existing registration

- (1) This section applies if a pre-existing registration has effect as a registration under section 2 or 3 of this Schedule.
- (2) A registration card issued under the pre-amended Ordinance for the pre-existing registration has effect as a registration card issued for the registration under section 46.

6. Application under section 39 or 44 of pre-amended Ordinance

- (1) This section applies if an application under section 39 or 44 of the pre-amended Ordinance remained pending immediately before the commencement date.
- (2) The application is to be regarded as an application under section 39 or 44.

- (3) For the purposes of subsection (2), section 2 or 3 of this Schedule applies to the registration to which the application relates as if it were a pre-existing registration.

7. Application under section 45A of pre-amended Ordinance

- (1) This section applies if an application under section 45A of the pre-amended Ordinance remained pending immediately before the commencement date.
- (2) The application is to be regarded as an application under section 45A.
- (3) For the purposes of subsection (2), section 2 or 3 of this Schedule applies to the registration to which the application relates as if it were a pre-existing registration.
- (4) If the Registrar is satisfied that a specified ground within the meaning of section 45A(8) or (9) of the pre-amended Ordinance existed in relation to the application before the commencement date, a specified ground within the meaning of section 45A(8) or (9) is to be regarded as existing in relation to the application.”.

Explanatory Memorandum

The Construction Workers Registration Ordinance (Cap. 583) (*principal ordinance*) was enacted in July 2004, but part of it (which is primarily concerned with the prohibition on carrying out construction work on a construction site without proper registration) has yet to come into operation. This Bill seeks to amend the principal ordinance with a view to facilitating the phased implementation of all the measures under the principal ordinance.

2. This Bill consists of 3 parts.
3. Clause 1 sets out the short title and provides for commencement.
4. Part 2 contains clauses 3 to 38. These clauses amend the principal ordinance.
5. Clause 3(1) to (8) amends the definitions of *construction site* and *construction work*. With the amendments to the definition of *construction work*, class III minor works and designated exempted works as defined by the Building (Minor Works) Regulation (Cap. 123 sub. leg. N) are excluded from the application of the principal ordinance.
6. Clause 3(9), (12), (13) and (14) deals with changing the expression “designated trade” to “designated trade division”. This is required by the modification to the construction workers registration system made by this Bill. Under the modified registration system, construction workers are to be registered by reference to a designated trade division, instead of a designated trade. The designated trade divisions are set out in column 2 of a new Schedule 1 (substituted by clause 35). Other clauses dealing with the modified registration system include clauses 5, 7, 10, 15, 16, 17, 19, 20, 21, 22, 23, 24 and 26 (in Part 2) and clauses 42, 43 and 44 (in Division 3 of Part 3).

Explanatory Memorandum

Paragraph 7

C1185

7. Clause 4 adds a new section 2B which provides that the provisions set out in the section, which relate to the prohibition on carrying out construction work without proper registration, are to apply to certain construction work as from a day to be appointed by the Secretary for Development.
8. Clause 6 adds a new section 3A which allows a registered skilled worker for a designated trade division to carry out construction work involving skills required for another designated trade division, if the 2 trade divisions are related as set out in a new Schedule 1A (added by clause 36).
9. Clause 8 adds a new section 4A. The new section deals with the situation where a registered construction worker, relying on the new section 4A, carries out construction work under the instruction and supervision of a duly registered person. The new section requires reasonable measures to be implemented to ensure that that person can be identified to have been duly registered, and that those measures are brought to the attention of the worker.
10. Clause 10(2) provides for a statutory defence for a person charged with an offence for contravening section 3(2) of the principal ordinance. The defence is available if the person believed, and it was reasonable for the person to believe, that the construction work in question was allowed under section 4 of the principal ordinance or was exempted from the application of the principal ordinance.
11. Clause 13 adds a new section 18A which confers a power on an authorized officer to require a person concerned in any construction work to provide information to the officer. The new section also prescribes the pre-conditions subject to which the power may be exercised.

Explanatory Memorandum

Paragraph 12

C1187

12. Clause 14 adds a new section 28A to stipulate clearly that a levy received or recovered by the Construction Industry Council under the principal ordinance becomes the funds and property of the Council and may be used for any of its purposes.
13. Clause 18 adds a new section 40A which provides for a channel by which experienced construction workers may be registered as registered skilled workers for a designated trade division. To be registered under the new section, they must meet the specified conditions and make their applications within the specified period.
14. Clause 21(1) and (2) amends section 44 of the principal ordinance to extend the maximum validity period of registration as a registered skilled worker, registered semi-skilled worker or registered general worker from 48 months to 72 months. Clause 21(4) adds provisions to provide for the conditions for the renewal of a registration made under the new section 40A.
15. Clause 28 adds a new section 50A to provide that the transitional and saving provisions contained in the new Schedules 5 and 6 (added by clauses 37 and 38) apply in relation to certain registration matters.
16. Clause 29 amends section 51 of the principal ordinance so that a decision under the new section 40A(1) or (7) is reviewable.
17. Clause 30 amends section 52 of the principal ordinance so that a decision under the new section 40A(1) or (7) is appealable.
18. Clause 32 amends section 59(1) of the principal ordinance so that making a false statement or furnishing misleading information in connection with a requirement made under the new section 18A, a record furnished under section 58(7)(b) of the principal ordinance or an application for extension of a provisional registration constitutes an offence.

Explanatory Memorandum

Paragraph 19

C1189

19. Clause 33 adds a new section 63A which confers a power on the Secretary for Development to make regulations providing for exemptions for certain construction work from the application of the principal ordinance. The clause also adds the new sections 63B and 63C which provide for the issue of a code of practice giving practical guidance for the requirements under the principal ordinance or any subsidiary legislation made under it.
20. Clause 34 amends section 65 of the principal ordinance to enable the Secretary for Development to amend the new Schedule 1A. The clause also adds a new subsection to that section to make it clear that the power under that section includes a power to make any necessary incidental, supplementary, consequential, transitional or saving provisions.
21. Part 3 contains 7 divisions which set out the amendments to other enactments.
22. Divisions 1, 2, 4, 5 and 6 make amendments to 5 other construction-related enactments so that a construction worker registration card issued under the principal ordinance may be recognized as being equivalent to certain construction-related documents issued to workers under those other enactments.
23. Division 7 makes a minor amendment to section 21 of the Construction Industry Council Ordinance (Cap. 587) to make the intention of that section clearer.
