**Motion on
“Reorganising the Government’s structure to
improve its policy implementation”
to be moved by Hon Kenneth LEUNG
at the Council meeting of 21 May 2014**

Wording of the Motion

That the current-term Government has repeatedly committed blunders in its policy implementation, and the policies as implemented are not in place and unable to respond to people’s demands, coupled with the situations where a number of officials successively committed scandals and serious dereliction of duty, resulting in serious doubts about the Government’s ability to govern and implement policies; in this connection, this Council urges the Government to examine afresh its operating structure, and after consulting the Legislative Council and the public, to effect improvement, adjustment and division of labour in respect of the functions, objectives and policy portfolios of various policy bureaux, and to conduct structural reorganisation on a need basis for enhancing the quality and competence of various policy bureaux and the departments under their purview in policy formulation and execution, making the Government’s policy implementation more open, closely follow public opinions, integrated and consistent.
