Dear Mr. Pang and Members of the Panel on Environmental Affairs,

I wish to add my voice to the growing number of people opposing the construction and operation of an incinerator on Shek Kau Chau.

I am sure you are aware of all the arguments against this method of waste disposal and in particular its location on Shek Kau Chau and yet you insist on going ahead.

This is foolhardy decision in the light of the strong opposition to the project and I want you to know that although I rarely participate directly in public protests, I will certainly be supporting this movement and will participate vigorously to oppose your decision.

Yours faithfully,

Dr. T.C. Boyce  
Honorary Professor of Physics, HKU (retired)
