**Plant (Importation and Pest Control) Ordinance (Cap. 207)
Declaration of Quarantine Area**

Purpose

This paper sets out the Government's proposal to declare a new quarantine area under the Plant (Importation and Pest Control) Ordinance (Cap. 207) (the Ordinance) and cancel the declaration of the existing quarantine area.

Background

2. The Ordinance was enacted in 1976, to give effect to the United Nation's Plant Protection Agreement for the Asia and Pacific Region. The Ordinance provides for the control of the importation of plants, plant pests and soil, and for the prevention of the spread of plant pests.

3. By virtue of section 14 of the Ordinance, the Director of Agriculture, Fisheries and Conservation (the Director) may, by order published in the Gazette, declare any area to be a quarantine area. The Ordinance confers on the Director various statutory powers over such an area, for example, the Director may declare that certain plants shall be grown or propagated in the quarantine area after importation until such time as the Director is satisfied that they are free from plant pests.

4. The existing Sha Tin Plant Quarantine Station (STPQS) is situated at Government Land DD 187, Keng Hau, Sha Tin, New Territories, which is a declared quarantine area under Cap. 207.

5. To facilitate the construction work associated with the Shatin to Central Link, the site where the existing quarantine area is located has to be vacated. We aim to relocate STPQS to 9 To Shek Path, Sha Tin, New Territories. The declaration of the new quarantine area under Cap. 207 enables the Director to exercise his powers in relation to the area under the Ordinance.

The Proposal

6. We propose to make (i) an order under section 14 of the Ordinance to declare the replacement site at “Sha Tin Plant Quarantine Station at 9 To Shek Path, Sha Tin, New Territories” as a quarantine area under Cap. 207; and (ii) an order to cancel the declaration of the existing quarantine area at “Government Land DD 187, Keng Hau, Sha Tin, New Territories”. The relevant orders are at **Annex A** and **Annex B** respectively.

Legislative Timetable

7. The legislative timetable is as follows –

Publication in the Gazette	13 December 2013
Tabling at the Legislative Council for negative vetting	18 December 2013
Commencement of the orders	14 February 2014

Public Consultation

8. The proposal to reprovise STPQS was raised in Sha Tin District Council (STDC) on 20 January 2011. Members of the STDC did not object to the proposal. Representatives of the nearby Ronald McDonald House and the Village Representatives of To Shek Village were consulted on the reprovise exercise in mid-2012. They did not raise objection.

Advice Sought

9. Members are invited to note the Government's legislative proposal in relation to the quarantine area under Cap. 207.
