register and ensure that the personal data of registered vehicle owners contained in the register is properly used.

The item was last discussed at the Panel meeting on 11 July 2011.

21. Cycling safety and consultancy study on cycling networks and parking facilities in existing new towns

To be confirmed

The Administration commissioned a consultancy study to review the existing cycle track networks in nine existing new towns. The study would identify deficiencies of the existing cycle track networks, propose remedial measures for improvements, and recommend an implementation programme for the proposed improvement works. The Administration plans to brief the Panel of the findings of the consultancy study upon its completion.

At the Panel meetings on 7 November 2011 and 16 October 2012 respectively, members considered that the issue of "cycling safety" should be revisited by the Panel and the Administration should consider formulating a policy to promote the use of bicycles as a means of transport in Hong Kong.

22. Scope of assistance provided under the Traffic Accident Victims Assistance ("TAVA") Scheme

To be confirmed

Proposed by Mr WONG Kwok-hing at the meeting on 16 October 2012. Mr WONG expressed concern that the assistance provided under the TAVA Scheme of the Social Welfare Department only covered traffic accidents involving land transport and excluded those involving sea transport. He opined that the Administration should review the scope of assistance provided under the TAVA Scheme.

The Administration's response on the matter was issued to members vide LC Paper No. CB(1)1410/12-13(02) on 27 June 2013.

At the Panel meeting on 10 October 2013, Mr TANG Ka-piu considered that the amount and timeliness of releasing assistance under the TAVA Scheme should also
