

2015年促進循環再造及妥善處置 (產品容器)(修訂)條例草案

PROMOTION OF RECYCLING AND PROPER DISPOSAL
(PRODUCT CONTAINER) (AMENDMENT) BILL 2015

循環再造徵費

Recycling Levy

- 把以玻璃容器盛載的飲品列為「受規管物品」，徵收循環再造徵費

Impose recycling levy on beverages held in glass containers (which will be made “regulated articles”)

- 收費水平待定；確定計劃成本後釐定，以收回全部成本為準則

Fee level to be determined on full-cost basis after ascertaining all costs

- 公眾諮詢時的指標水平：每公升飲品一元

Indicative charging level given at public consultation stage: \$1 per litre of beverage content

生產者責任計劃的全部成本

Full costs of the producer responsibility scheme

- 委聘承辦商的開支

Expenses for hiring GMCs

- 相關行政開支：一般包括

Related administrative expenses, including:

- 各項行政成本：員工成本、辦公地方成本、中央行政間接成本

Various administrative costs, including staff cost, accommodation cost and central administrative overhead

- 相關營運成本：部門開支、其他部門所提供服務的成本

Relevant operating costs, including departmental expenses and cost of services provided by other departments

- 設備成本，即折舊

Capital costs, or depreciation

釐定循環再造徵費

Determining the recycling levy

- 須按相關《財務通告》規定，制定詳細成本計算表，經內部審批才可就徵費水平提出建議

Proposed charging level to be determined in accordance with relevant Financial Circular which requires completion of detailed cost computation statement and internal vetting

- 估計用以委聘承辦商的開支，最為影響日後徵費水平，但須經招標才可確定

Expenses for hiring GMCs expected to be a key determining factor for the ultimate charging level but must only be ascertained after tendering

委聘現有承辦商的費用

Expenses for hiring existing contractors

- 各項自願性回收計劃均有委聘承辦商，但服務內容、成本結構不一，難以比較

All voluntary recycling programmes have their own contractors but their operating costs are not comparable due to differences in service content and cost structure

主要收集來源 Key sources of recyclable	工商處所 C&I premises	住宅、工商處所 Residential & C&I premises	住宅、工商處所 Residential & C&I premises	住宅、工商處所 Residential & C&I premises	住宅、工商處所 Residential & C&I premises	工商處所 C&I premises	住宅 Residential
教育推廣服務 Public education services		有 Yes	有 Yes	有 Yes	有 Yes	有 Yes	
每年收集量 (公噸) Annual collection (tonne)	850	940	1140	160	630	440	1570
平均每公噸成本 Average handling cost	\$800	\$2500	\$2100	\$6300	\$3900	\$2200	\$2100

其他影響徵費水平的因素

Other factors to be considered in determining the recycling levy

- 每公噸收集成本外的因素

Factors other than per-tonne collection cost

- 每公噸處理成本（約八百至一千元之間）

Per-tonne treatment cost (in the range of \$800 to \$1,000)

- 回收物質量

Quality and quantity of recyclable

- 例如，污染問題會增加成本、參與率低亦須額外資源提供誘因

For instance: contamination incurs additional cost, unsatisfactory participation also requires additional resources for incentives

- 受規管物品的銷售量

Sales volume of regulated articles

- 物價變動

Inflation

跟進工作

Follow-up actions

- 持續加強宣傳和公眾教育，鼓勵更多人參與乾淨回收玻璃容器

Continue to step up publicity and public education to encourage more people to practice “clean recycling of glass containers”

- 視乎資源，逐步加強收集服務，讓各持份者就有效回收玻璃容器累積經驗

Progressively enhance collection service, subject to resources, so that stakeholders may accumulate experience for effective recycling of glass containers

- 繼續籌備公開招標工作，盡早得出徵費水平

Continue with preparation of open tender for early assessment of levy level
