

**Legislative Council Panel on Constitutional Affairs**

**Provisional Recommendations on  
Boundaries and Names of Geographical Constituencies for  
the 2016 Legislative Council General Election**

**PURPOSE**

This paper seeks Members' views on the provisional recommendations of the Electoral Affairs Commission ("EAC") on the boundaries and the names of geographical constituencies ("GCs") for the 2016 Legislative Council ("LegCo") General Election.

**BACKGROUND**

2. Under sections 4(a) and 18 of the Electoral Affairs Commission Ordinance (Cap. 541) ("EACO"), one of the functions of the EAC is to review the boundaries of GCs and the EAC is required to submit to the Chief Executive a report on its recommendations for the delineation of GCs and the name proposed for each GC in relation to a LegCo general election not more than 36 months from the preceding general election. The last general election of the LegCo was held on 9 September 2012. Therefore, the EAC is required to submit the aforesaid report in respect of the 2016 LegCo General Election to the Chief Executive by 8 September 2015. Accordingly, pursuant to section 19 of the EACO, the EAC has produced a document on its provisional recommendations for public consultation.

**POPULATION FORECASTS**

3. Section 20(6) of the EACO requires that the EAC shall endeavour to estimate the total population of Hong Kong or any proposed GC in the year in which a LegCo general election is to be held for the purpose of making recommendations on the delineation of GCs. In this regard, as in the past, an inter-departmental Ad Hoc Subgroup ("AHSB"), formed under the Working Group on Population Distribution Projections led by the Planning Department, took up the task of providing the EAC with the necessary population forecasts. On the basis of the statistics of the latest official population projections (2011-based) released by the Census and Statistics Department, the AHSB has

provided population forecasts for the delineation of GCs for the 2016 LegCo General Election, with the total population of Hong Kong projected at 7 370 500 as at 30 June 2016.

## **THE PROVISIONAL RECOMMENDATIONS**

4. Based on the population forecasts mentioned in paragraph 3 above and following the statutory requirements stipulated under sections 18 and 19 of the Legislative Council Ordinance (Cap. 542) (“LCO”), the statutory criteria under section 20 of the EACO and a set of long-established working principles at Annex A, the EAC has drawn up the provisional recommendations on the boundaries and names of the GCs for the 2016 LegCo General Election.

5. The delineation exercise is basically composed of two parts. The first part concerns determination of the boundaries of GCs. According to the LCO, the number of GCs will remain at five for the purpose of returning Members at the 2016 LegCo General Election. The EAC notes that the existing GC boundaries have been adopted since the first term of LegCo in 1998 and members of the public are generally well accustomed to them in elections. Any suggestion to re-delineate their boundaries would definitely risk upsetting the long-established identities and community ties within each of the GCs and cause unnecessary confusion to electors in the coming election. Therefore, in the absence of any obvious and fundamental change in circumstances justifying alteration of the boundaries, the EAC recommends that the existing boundaries of the five GCs should be maintained. Furthermore, the names of the five GCs should be kept unchanged.

6. The second part concerns allocation of LegCo seats among the proposed GCs having regard to their projected population. Following the established process of allocation of seats, the EAC has adopted a two-step method to allocate the 35 seats among the five proposed GCs with a view to ensuring that the population in each proposed GC is as near as practicable to the resulting number<sup>1</sup> as required under section 20(1)(a) of the EACO. This is to ensure that the important principle of “equal representation” could be achieved in the delineation of GC boundaries. Details of the steps on the allocation of seats are as follows:

---

<sup>1</sup> The resulting number is obtained by multiplying the population quota by the number of Members to be returned to the LegCo by that GC.

- (a) Step One: Seats are allocated among the five GCs by dividing the projected population of each GC by the population quota<sup>2</sup> and, thereafter, allocating seats according to the integer of the calculated number subject to the statutory limits<sup>3</sup>. Accordingly, 33 seats are first allocated to the five GCs; and
- (b) Step Two: There are two remaining seats after Step One. As to the allocation of these two seats, all six possible options for seat allocation have been worked out as shown in the Summary of the Provisional Recommendations on Geographical Constituencies prepared by the EAC (copy at **Annex B**). After considering the six options, the one with the smallest range of percentage deviation of the population from the resulting number in the individual GCs (i.e. Option E) is adopted.

7. The number of seats proposed to be allocated to each GC in accordance with the aforesaid method is as follows: -

<b>Proposed Name and Code of GC</b>	<b>Projected Population as at 30 June 2016</b>	<b>Seats allocated in Step One</b>	<b>Seats allocated in Step Two</b>	<b>Proposed Number of Seats</b>
Hong Kong Island (LC 1)	1 268 000	6	0	6
Kowloon West (LC 2)	1 141 900	5	1	6
Kowloon East (LC 3)	1 084 600	5	0	5
New Territories West (LC 4)	2 100 400	9	0	9
New Territories East (LC 5)	1 775 600	8	1	9
<b>Total:</b>	<b>7 370 500</b>	<b>33</b>	<b>2</b>	<b>35</b>

<sup>2</sup> The population quota is arrived at by dividing the total projected population of Hong Kong by the total number of Members to be returned for all GCs (i.e.  $7\,370\,500 \div 35 = 210\,586$ ).

<sup>3</sup> In accordance with section 19(2) of the LCO, the number of Members to be returned for each GC must not be less than five nor greater than nine.

8. The provisional recommendations of the EAC satisfy all the relevant statutory requirements, criteria and established working principles.

9. As for the maps showing the proposed delineation of the GCs, please refer to the public consultation document which has been distributed to Members earlier.

## **PUBLIC CONSULTATION**

10. Pursuant to section 19 of the EACO, the EAC shall consult the public on the provisional recommendations for a period of not less than 30 days. For the present exercise, the public consultation period runs from 21 May 2015 to 19 June 2015 (both dates inclusive).

11. During the consultation period, members of the public are welcome to present their views to the EAC in writing. A public forum will also be held on 11 June 2015 for members of the public to make oral representations to the EAC.

12. The EAC will take into account the views received during the public consultation period in finalising the recommendations.

## **ADVICE SOUGHT**

13. Members are invited to note and comment on the EAC's provisional recommendations. Members may also forward their views to the EAC Secretariat by post (at 10/F Harbour Centre, 25 Harbour Road, Wan Chai, Hong Kong), by fax (fax no.: 2511 1682) or by e-mail (eacenq@reo.gov.hk), before 19 June 2015.

Registration and Electoral Office

8 June 2015

**Delineation of Geographical Constituencies  
for the 2016 Legislative Council General Election**

**(I) Statutory Requirements**

***Provisions stipulated under sections 18 and 19 of the Legislative Council Ordinance (Cap. 542)***

- (a) there are to be five Geographical Constituencies (“GCs”) for the purpose of returning Members at elections for those constituencies;
- (b) at a general election, 35 Members are to be returned for all GCs; and
- (c) the number of Members to be returned for each GC is to be a number, not less than five nor greater than nine.

***Criteria stipulated under section 20 of the Electoral Affairs Commission Ordinance (Cap. 541)***

- (a) the Electoral Affairs Commission (“EAC”) shall ensure that the population in each proposed GC is as near as practicable to the number which results (i.e. “the resulting number”) when the population quota is multiplied by the number of Members to be returned to the Legislative Council (“LegCo”) by that GC. The population quota means the figure arrived at by dividing the total population of Hong Kong by the total number of Members to be returned for all GCs in the LegCo election.

(Note: For the 2016 LegCo General Election, the total population of Hong Kong (projected as at 30 June 2016 by the Government) is 7 370 500 and the total number of Members to be returned for all GCs is 35. Therefore, the population quota is 210 586, i.e.  $7\,370\,500 \div 35$ );

- (b) where it is not practicable to comply with (a) above in respect of a proposed GC, the EAC shall ensure that the population in that GC does not exceed or fall short of the resulting number applicable to that GC by more than 15%;

- (c) the EAC shall have regard to the community identities, the preservation of local ties and physical features (such as size, shape, accessibility and development) of the relevant area;
- (d) the EAC may depart from the strict application of (a) and (b) above only where it appears that one or more of the considerations in (c) above renders a departure necessary or desirable;
- (e) the EAC shall ensure that each proposed GC is to be constituted by two or more contiguous whole District Council constituencies; and
- (f) the EAC shall have regard to the existing boundaries of Districts<sup>4</sup> and existing boundaries of GCs.

## **(II) Working Principles**

- (a) the boundaries of the existing five GCs should form the basis of consideration in the current delineation exercise;
- (b) for those existing GCs where the population falls within the permissible range of the population quota requirement, their boundaries would be adopted as far as possible to form new GCs;
- (c) Hong Kong Island, Kowloon and the New Territories are to be treated separately, as these areas are traditionally regarded as distinct from one another;
- (d) splitting of Districts by District Council Constituencies should be avoided unless there are very strong reasons. Where splitting is necessary, it should affect the least number of Districts; and
- (e) factors with political implications are not considered.

---

<sup>4</sup> "District" has the meaning assigned to it by the District Councils Ordinance (Cap. 547) according to section 20 of the Electoral Affairs Commission Ordinance (Cap. 541).

	西貢 Sai Kung	469,600						
	<b>小計 Sub-total:</b>	<b>1,775,600</b>	8	8	1	9	1,895,274	<b>-6.31%</b>
<b>總計 TOTAL :</b>		<b>7,370,500</b>	-	33	2	35		

註 Note:

- 根據《立法會條例》(第 542 章)第 19(2)條，每個地方選區須選出的議員人數不得少於五名，亦不得多於九名。  
In accordance with section 19(2) of the Legislative Council Ordinance (Cap 542), the number of Members to be returned for each GC is to be a number, not less than five nor greater than nine.
- 由於新界西已獲分配《立法會條例》就一個地方選區可得的議席數目所容許的上限(即九個)，餘下兩個議席只可分配予其他四個地方選區。分配議席的方案共有六個。  
Since New Territories West has been allocated the maximum number of seats for a GC (i.e. nine) as permitted under the statutory requirement of the Legislative Council Ordinance, the two remaining seats can only be allocated to other four GCs. There are six options for allocation.

方案 Option 暫定地方選區名稱及代號 Proposed Name and Code of GCs	A	B	C	D	E	F
香港島 HONG KONG ISLAND (LC 1)	[6]+(1) {-13.98%}	[6]+(1) {-13.98%}	[6]+(1) {-13.98%}	[6] {+0.35%}	[6] {+0.35%}	[6] {+0.35%}
九龍西 KOWLOON WEST (LC 2)	[5]+(1) {-9.63%}	[5] {+8.45%}	[5] {+8.45%}	[5]+(1) {-9.63%}	[5]+(1) {-9.63%}	[5] {+8.45%}
九龍東 KOWLOON EAST (LC 3)	[5] {+3.01%}	[5]+(1) {-14.16%}	[5] {+3.01%}	[5]+(1) {-14.16%}	[5] {+3.01%}	[5]+(1) {-14.16%}
新界西 NEW TERRITORIES WEST (LC 4)	[9] {+10.82%}	[9] {+10.82%}	[9] {+10.82%}	[9] {+10.82%}	[9] {+10.82%}	[9] {+10.82%}
新界東 NEW TERRITORIES EAST (LC 5)	[8] {+5.40%}	[8] {+5.40%}	[8]+(1) {-6.31%}	[8] {+5.40%}	[8]+(1) {-6.31%}	[8]+(1) {-6.31%}

在這六種方案中，方案 E 所得的個別地方選區人口與其所得數目偏離百分比的幅度最小，即在個別地方選區之間，由一個立法會議席所代表的人口數字的差異最小，因此，餘下兩個議席會分配予九龍西和新界東。

Among the six options, Option E has the smallest range of percentage deviation of the population from the resulting number in the individual GCs, i.e. the variations between individual GCs in terms of the number of persons represented by a Legislative Council seat is reduced to a minimum. Accordingly, the remaining two seats are allocated to Kowloon West and New Territories East.

[ ] 應得議席數目 number of entitled seats

( ) 獲分配的餘下議席數目 number of remaining seat to be allocated

{ } 地方選區的人口與其所得數目偏離百分比 percentage of deviation of the population from the resulting number

- “所得數目”是將該地方選區獲分配的議席數目乘以標準人口基數(即 210,586)計算出來。  
Resulting number is obtained by multiplying the number of seats allocated to the GC and the population quota (i.e. 210,586).
