Message from the Chairman

Public Consultation

Provisional Recommendations on Boundaries and Names of Geographical Constituencies for the 2016 Legislative Council General Election

The 2016 Legislative Council (“LegCo”) General Election will be held in the second half of 2016. In accordance with sections 4(a), 18 and 19 of the Electoral Affairs Commission Ordinance (Chapter 541) (“EACO”), the Electoral Affairs Commission (“EAC”) has to review the existing boundaries of geographical constituencies (“GCs”), organise a public consultation on its provisional recommendations and submit a report to the Chief Executive by 8 September 2015 on its final recommendations concerning the boundaries and names of GCs to be adopted in the 2016 LegCo General Election.

The EAC has now drawn up the provisional recommendations on the boundaries and names of the GCs for the 2016 LegCo General Election in accordance with the statutory requirements stipulated under sections 18 and 19 of the Legislative Council Ordinance (Chapter 542) (“LCO”), the statutory criteria under section 20 of the EACO and a set of long-established working principles. The statutory requirements, criteria and working principles are set out at **Appendix I**.

The delineation exercise is basically composed of two parts. The first part concerns determination of the boundaries of GCs. According to the LCO, the number of GCs will remain at five for the purpose of returning Members at the 2016 LegCo General Election. The EAC notes that the existing GC boundaries have been adopted since the first term of LegCo in 1998 and members of the public are generally well accustomed to them in elections. Therefore, in the absence of any obvious and fundamental change in circumstances justifying alteration of the boundaries, the EAC recommends that the existing boundaries of the five GCs should be maintained. Before reaching this recommendation, the EAC has examined the possibility of re-delineating the boundaries of the five GCs with a view to achieving more even population distribution among them. However, given that the existing five GCs have come into existence since 1998 and there has not been a major shift in the territorial population distribution since the last LegCo general election, any suggestion to re-delineate their boundaries would definitely risk upsetting the long-established identities and community ties within each of the GCs and cause unnecessary confusion to electors in the coming election. Therefore, having carefully weighed the pros and cons, the EAC considers that the suggestion to re-delineate the boundaries to simply achieve a more balanced population distribution across the GCs would not be appropriate and should not be recommended.

The second part concerns allocation of seats among the proposed GCs having regard to their projected population. The LCO stipulates that, at a general election, 35 Members are to be returned for all the five GCs and the number of Members to be returned for each GC is to be a number which is not less than five nor greater than nine. Following the established process of delineation, the EAC has adopted a two-step method to allocate the 35 seats among the five proposed GCs with a view to ensuring that the population in each proposed GC is as near as practicable to the resulting number as required under section 20(1)(a) of the EACO. This is to ensure that the important principle of “equal representation” (i.e. equal number of people should have equal number of representatives) could be achieved in the delineation of GC boundaries. Details of the steps on the allocation of seats and a brief summary of the EAC’s provisional recommendations listing out the

codes, names and projected population of the five proposed GCs are set out at **Appendix II** and **Appendix III** respectively.

In accordance with section 19 of the EACO, maps showing the boundaries and names of the proposed GCs and a document containing the descriptions of the proposed GC boundaries are enclosed for public consultation for a period of 30 days from **21 May 2015 to 19 June 2015**, both dates inclusive.

Please send your written representations on the provisional recommendations to the EAC Secretariat at 10/F, Harbour Centre, 25 Harbour Road, Wan Chai, Hong Kong, by fax (fax no.: 2511 1682) or e-mail (eacenq@reo.gov.hk) the latest by **19 June 2015**. **Late representations will not be considered**. You may also make oral representations to the EAC at the public forum to be held on **11 June 2015 (Thursday) from 7:00 p.m. to 9:00 p.m. at the Lai Chi Kok Community Hall, 863 Lai Chi Kok Road, Sham Shui Po, Kowloon**. For enquiries, please call the EAC Secretariat at 2827 1269.

In view of the limited time available for the making of oral representations at the public forum, it is anticipated that the EAC will not be able to entertain lengthy representations at the forum. Therefore, members of the public who wish to make detailed representations are invited to send in written representations.

The EAC is committed to ensuring that all public elections are held in an open, fair and honest manner. The delineation of GCs is an important element of the arrangements for the 2016 LegCo General Election. We therefore encourage members of the public to make known their views to us through submission of written representations or attendance at the public forum. To ensure that the final recommendations of the EAC can fully take into account public opinions, it is important for every one of you to actively participate in the public consultation to express your support or otherwise for the provisional recommendations.

Views received will be published in their entirety for public information. If you wish to keep your name or your views confidential, you should indicate so clearly in your submissions. All responses will be treated as public information unless otherwise specified.

Yours faithfully,

**Delineation of Geographical Constituencies
for the 2016 Legislative Council General Election**

(I) Statutory Requirements

Provisions stipulated under sections 18 and 19 of the Legislative Council Ordinance (Cap. 542)

- (a) there are to be five Geographical Constituencies (“GCs”) for the purpose of returning Members at elections for those constituencies;
- (b) at a general election, 35 Members are to be returned for all GCs; and
- (c) the number of Members to be returned for each GC is to be a number, not less than five nor greater than nine.

Criteria stipulated under section 20 of the Electoral Affairs Commission Ordinance (Cap. 541)

- (a) the Electoral Affairs Commission (“EAC”) shall ensure that the population in each proposed GC is as near as practicable to the number which results (i.e. “the resulting number”) when the population quota is multiplied by the number of Members to be returned to the Legislative Council (“LegCo”) by that GC. The population quota means the figure arrived at by dividing the total population of Hong Kong by the total number of Members to be returned for all GCs in the LegCo election.

(Note: For the 2016 LegCo General Election, the total population of Hong Kong (projected as at 30 June 2016 by the Government) is 7,370,500 and the total number of Members to be returned for all GCs is 35. Therefore, the population quota is 210,586, i.e. $7,370,500 \div 35$);

- (b) where it is not practicable to comply with (a) above in respect of a proposed GC, the EAC shall ensure that the population in that GC does not exceed or fall short of the resulting number applicable to that GC by more than 15%;

- (c) the EAC shall have regard to the community identities, the preservation of local ties and physical features (such as size, shape, accessibility and development) of the relevant area;
- (d) the EAC may depart from the strict application of (a) and (b) above only where it appears that one or more of the considerations in (c) above renders a departure necessary or desirable;
- (e) the EAC shall ensure that each proposed GC is to be constituted by two or more contiguous whole District Council constituencies; and
- (f) the EAC shall have regard to the existing boundaries of Districts and existing boundaries of GCs.

(II) Working Principles

- (a) the boundaries of the existing five GCs should form the basis of consideration in the current delineation exercise;
- (b) for those existing GCs where the population falls within the permissible range of the population quota requirement, their boundaries would be adopted as far as possible to form new GCs;
- (c) Hong Kong Island, Kowloon and the New Territories are to be treated separately, as these areas are traditionally regarded as distinct from one another;
- (d) splitting of Districts by District Council constituencies should be avoided unless there are very strong reasons. Where splitting is necessary, it should affect the least number of Districts; and
- (e) factors with political implications are not considered.

**Proposed Allocation of Seats based on
the Existing Boundaries of Geographical Constituencies**

Step One: Seats are allocated among the five GCs by dividing the projected population of each GC by the population quota^{Note 1} and, thereafter, allocating seats according to the integer of the calculated number subject to the statutory limits. Accordingly, 33 seats are first allocated to the five GCs.

Proposed Name and Code of GC	Component District	Projected population (as at 30 June 2016)	Allocated number of seats = population of GC ÷ population quota	Entitled number of seats according to the integer of the calculated number and subject to the statutory limits ^{Note 2}
Hong Kong Island (LC 1)	Central & Western	254,300	6.02	6
	Wan Chai	184,200		
	Eastern	554,300		
	Southern	275,200		
	Sub-total:	1,268,000		
Kowloon West (LC 2)	Yau Tsim Mong	323,300	5.42	5
	Sham Shui Po	406,100		
	Kowloon City	412,500		
	Sub-total:	1,141,900		
Kowloon East (LC 3)	Wong Tai Sin	427,000	5.15	5
	Kwun Tong	657,600		
	Sub-total:	1,084,600		
New Territories West (LC 4)	Tsuen Wan	309,200	9.97	9
	Tuen Mun	500,900		
	Yuen Long	629,400		
	Kwai Tsing	510,900		
	Islands	150,000		
	Sub-total:	2,100,400		
New Territories East (LC 5)	North	314,500	8.43	8
	Tai Po	314,900		
	Sha Tin	676,600		
	Sai Kung	469,600		
	Sub-total:	1,775,600		
Total:		7,370,500	-	33

^{Note 1} For this delineation exercise, the population quota is 210,586 (i.e. total population of 7,370,500 ÷ 35 Members to be returned for all GCs).

^{Note 2} In accordance with section 19(2) of the Legislative Council Ordinance (“LCO”), the number of Members to be returned for each GC is to be a number, not less than five nor greater than nine.

Step Two: There are two remaining seats after Step One. As to the allocation of these two seats, all possible options for seat allocation will be worked out and the option with the smallest range of percentage deviation of the population from the resulting number in the individual GCs will be chosen.

Since New Territories West has been allocated the maximum number of seats for a GC (i.e. nine) as permitted under the statutory requirement of the LCO, the remaining two seats can only be allocated to the other four GCs. Under such circumstances, there are six options for allocation as shown below. Among the options, Option E has the smallest range of percentage deviation of the population from the resulting number in the individual GCs, i.e. the variation between individual GCs in terms of the number of persons represented by a LegCo seat is reduced to a minimum. Accordingly, the remaining two seats are allocated to Kowloon West and New Territories East.

註 Note:

- 根據《立法會條例》(第 542 章)第 19(2)條，每個地方選區須選出的議員人數不得少於五名，亦不得多於九名。
In accordance with section 19(2) of the Legislative Council Ordinance (Cap 542), the number of Members to be returned for each GC is to be a number, not less than five nor greater than nine.
- 由於新界西已獲分配《立法會條例》就一個地方選區可得的議席數目所容許的上限(即九個)，餘下兩個議席只可分配予其他四個地方選區。分配議席的方案共有六個。
Since New Territories West has been allocated the maximum number of seats for a GC (i.e. nine) as permitted under the statutory requirement of the Legislative Council Ordinance, the two remaining seats can only be allocated to other four GCs. There are six options for allocation.

方案 Option 暫定地方選區名稱及代號 Proposed Name and Code of GCs	A	B	C	D	E	F
香港島 HONG KONG ISLAND (LC 1)	[6]+(1) {-13.98%}	[6]+(1) {-13.98%}	[6]+(1) {-13.98%}	[6] {+0.35%}	[6] {+0.35%}	[6] {+0.35%}
九龍西 KOWLOON WEST (LC 2)	[5]+(1) {-9.63%}	[5] {+8.45%}	[5] {+8.45%}	[5]+(1) {-9.63%}	[5]+(1) {-9.63%}	[5] {+8.45%}
九龍東 KOWLOON EAST (LC 3)	[5] {+3.01%}	[5]+(1) {-14.16%}	[5] {+3.01%}	[5]+(1) {-14.16%}	[5] {+3.01%}	[5]+(1) {-14.16%}

在這六種方案中，方案 E 所得的個別地方選區人口與其所得數目偏離百分比的幅度最小，即在個別地方選區之間，由一個立法會議席所代表的人口數字的差異最小，因此，餘下兩個議席會分配予九龍西和新界東。

Among the six options, Option E has the smallest range of percentage deviation of the population from the resulting number in the individual GCs, i.e. the variations between individual GCs in terms of the number of persons represented by a Legislative Council seat is reduced to a minimum. Accordingly, the remaining two seats are allocated to Kowloon West and New Territories East.
